Sutan[®] works on grassy weeds in corn rain or shine

Sutan mixed in the soil before corn planting gives sure weed control, rain or shine. Sutan destroys weeds as they sprout, with no waiting for rain to put it in the soil.

Sutan controls tough nutgrass, fall panicum, Johnsongrass seedlings, foxtails, wild cane and many other weeds that reduce yields and complicate harvest. For weed-free profitable corn, see us now for Sutan.

Last Week to Register

If you're not registered to vote in the May 15 primary election, you won't be able to influence the outcome of the voter referendum that could help to hold down farmland tax rates.

To vote yes for a clean and green Pennsylvania, you can register until April 16 at the Lancaster County Courthouse from 8:30 to 5:00 Monday through Friday, or from 8:30 till noon on Saturday.

You can also register at Park City's Security Mall, from 2:00 p.m. till 8:30 p.m. Friday and Saturday only. The Security Mall is the one between Watt & Shand and Penney's.

Yesterday's soybean meal price was \$280.00 a ton.

Can you afford it?

Soybean meal and other protein supplement prices are skyrocketing. That means its costing you more than ever before to produce a pound of meat or milk. What's the answer?

For thousands of livestock and milk producers in the United States and Canada the Harvestore System is the answer.

The Harvestore System lets you keep and feed more of that good protein you grow. So your supplement bill is greatly reduced or eliminated entirely.

Want to beat the high cost of supplement? Then call your Harvestore dealer today. He'll show you how you can pay for a Harvestore System in protein savings alone.
