

Ron Kreider, R.D. 2, Manheim, holds one of 4500 four-week-old capons which arrived in Lancaster County last week to be used as 4-H projects. Forty 4-H members shared the birds which had been

surgically caponized. They will raise them and have them ready for the Thanksgiving table. The capons were distributed to Mervin E. Peifer, R.D. 1, Manheim. Peifer is project coordinator for the 4-H capons.

**Research Development Increase Is Planned By American Industry**

U. S. business plans a five per cent increase in research and development expenditures in 1973 and a 23 per cent increase between 1973 and 1976, according to the economics department of McGraw-Hill Publications Company.

Total R & D performed by industry will amount to \$21.2 billion in 1973 and \$26.1 bil-

lion in 1976.

"This year's expected rise represents a dip in real terms," said Douglas Greenwald, chief economist at McGraw-Hill. "The salaries

of scientists and engineers and the prices of materials connected with the performance of R & D will increase more than 5.5 per cent in 1973."

Give Your Cattle the Pasture They Prefer—

**988**

Sorghum-Sudangrass Hybrid from **PIONEER**

Strip tests prove it: Cattle prefer Pioneer brand sorghum-sudangrass hybrid over other brands. That means they'll eat more . . . make more meat or milk. Unbeatable hot-weather pasture or green-chop. Can be planted on diverted acres and grazed after September 1. Treat your cattle to the pasture hybrid they like best!
