Cookout Suggestions - If you're looking for something different for a cookout, try lamb shish kababs. Use about one and a half inch boneless lamb cubes from the shoulder or leg. Extension consumer specialists at The Pennsylvania State University say first trim off as much fat as possible from lamb to reduce the calories. Then, make a mixture of oil, lemon juice, salt, marjoram, oregano, onion and garlic and marinate the cubes overnight in the refrigerator.

Mrs. Robert Gregory presented the Miss Congeniality award to Cheryl Balmer.

Use Correct Amounts When Preparing Pesticides - It is important to use the right proportions when diluting a pesticide, say extension entomologists at The Pennsylvania State University. Using too little of the material leads to poor control and helps insects build up resistance, while using too much may be hazardous to plant and animal life. Always read and carefully follow directions on labels of pesticide containers.

Paul's Corner

During my past 23 years in the farm equipment business, I have seen many changes. Some good, some bad. But the one thing that never changes is the importance of you, the customer. To me the dealer, I know that for me to deserve your business, I must do everything a little better than my competition. At Lancaster Ford, we are going to do just that with a little better deal, a little better service, a little better parts availability and a little friendlier atmosphere. So come on in and meet the friendly people at Lancaster Ford where everyone tries harder. And remember we're going to make this Ford Country
