show since they did not fall within the prescribed weight limits. All hogs competing in the various judging classes had to be between 190 and 250 pounds.

Over \$24,000 was paid during the sale. The average price was \$60.80 per hundredweight.

Wissler entered a total of 12 hogs in the show: two in Hampshire competition and 10 crossbreds in the Pen-of-Ten competition. Three of the animals from his Pen-of-Ten were also entered in the crossbred class and two in the open.

Wissler took first places in the Pen-of-Ten, Hampshire and crossbred categories. His grand champion hog was the crossbred winner: it was bred from the Hampshire, Yorkshire and Chester White varieties.

Other breed winners were: Yorkshire Champion, Nelson Weaver, Ephrata High School; Yorkshire Reserve Champion, Larry Weber, Garden Spot; Hampshire Champion, Wissler; Hampshire Reserve Champion, Jerry Long, Garden Spot;

Breeder Exhibitor Champion, Rick Pfautz, Ephrata; Breeder Exhibitor Reserve, Joe Lefever, Manheim Central; Poland China

Champion, Kerry Boyd, Ephrata; Poland China Reserve, Neil Copenhaver, Ephrata; Chester White Champion, Robert Rohrer, Penn Manor; Chester White Reserve, Ron Hunt, Penn Manor.

Landrace Champion, Nelson Messner, Garden Spot; Landrace Reserve, Hunt, Duroc Champion, Weber; Duroc Reserve, Lefever; Berkshire Champion, Carroll Herr, Penn Manor.

Eugene Nolt, Garden Spot, was the Open Champion and Wissler won the Open Reserve title.

Clark Stauffer, Ephrata, took first place in the Senior Fitting Contest, Jerry Long, New Holland won the Junior Fitting Contest. Ephrata's Gerald Musser won the Senior Showmanship class; Lloyd Hoover, New Holland took the Junior Showmanship.

Milk Price Hike Debacle

The Pennsylvania Milk Marketing Board's order to move prices up was a selective price increase in that it didn't follow the dollar-for-dollar cost increase pass-through dictated by the Nixon Administration's Cost of Living Council. Some prices were hiked more than others at the retail level, although farmers were to get a uniform \$1 a cwt. boost in the Class I price. Board chairman Harry Kapleau was in Washington this week conferring with the Cost of Living Council, but no word yet on the outcome of those talks. Just rumors.

Three Cheers for Sylvia.

Sylvia Porter, the financial columnist syndicated in papers all over the country, told her readers last week that food producers and marketers aren't the villains in rising food prices. She said increased costs of inspection, sanitation, pollution control, rising labor costs, skyrocketing grain costs and bad weather have all helped boost food prices. Good to hear a balanced story from a lady who's a well-known and respected consumer advocate.

Donations Wanted To Benefit Accident Victim

Galen Buckwalter

The goodness of man will be exemplified next Saturday, August 11, when the youth group of Old Road Mennonite Church, near White Horse, will hold a public sale at the Intercourse Community Ground at the rear of Zimmerman's store for the benefit of Galen Buckwalter.

Galen, 17, son of the Rev. and Mrs. Richard Buckwalter of Cochranville RD1, met with a tragic accident July 1 while his Sunday School class held their class outdoors at the Susquehannock State Park and later had a picnic, went on a hike and a few of the boys went for a swim. Having dived into the river, his head hit a rock resulting in a broken neck, his fifth vertebra being crushed and his spinal cord bruised. He was in the Lancaster General Hospital until July 30 and was then moved to The Crippled Children's Hospital at Elizabethtown.

He is paralyzed from his arms down and can't move his fingers. Doctors give little hope of improvement but Galen has a deep faith in God and knows that He will see him through. He is

determined to live a happy, useful life in spite of what happened to him. He has an ambition to get an education so that he might be able to earn a living.

Galen completed the eleventh grade at Octorara High School in June where he was on the honor roll, a member of the student council, participated in the concert and marching bands, was on the track team and was champion in the 200 yard dash in Lancaster County.

Galen is president of his church youth group and was one of the top quizzers on the Lancaster Mennonite Conference quiz teams the past term. He sang tenor in a boys quartette from church and in the Key 73 tent revival chorus at Intercourse in June.

Galen helped his father on their 140 acre farm where they have 42 head of Holstein cows and a lot of young stock. His father is pastor of Old Road Mennonite Church.

The sale August 11 will begin at 11 a.m. Three auctioneers, Wilbur H. Hosler, Jay M. Witman and Leroy Zook, will donate their services and the place will be used free of charge. Many other services are being donated and the sale items all donated. Church ladies have made five comforters and three quilts and probably more will be made by the day of the sale.

The committee is receiving money donations and has promises of items to sell such as hay, calves, a cellar drain pump, an Avon bottle collection, furniture, household items and appliances. There will also be canned goods and all kinds of baked goods for sale. Food such as home-made ice cream, sandwiches, baked goods, coffee and cold drinks will be available at the sale.

The success of this venture depends upon the kindness and generosity of the people of Lancaster County. Anyone willing to donate sale items can contact Bob Becker, Box 195, Gap RD1, at 442-4546, Joe Weaver, Gap RD1, at 768-8394, Mel Groff, New Holland RD, at 354-9980, or Mel Lapp, Cochranville RD1, at 593-6571.

HISTORY OF DRUGS XII

This week we will continue to examine the Harrison Narcotic Act of 1914. This act was initially sponsored, supported and passed by Congress.

PUT YOURSELF INTO THE FUTURE! LET THE SUNSHINE IN WITH... SOLAIR SYSTEMS

SOLAIR COW BAY WITH THE "SUN SENSOR"

FEATURES THE FOLLOWING:

- 1 Storm-and fire-resistant construction
- 2 Rapid evaporation and dehumidification through "solar thermo" circulation
- 3 Engineered for expansion
- 4 Designed for either beef or dairy cattle
- 5 Straight line scrape areas
- 6 "Quick dry" floor areas
- 7 North side ventilation—summer only
- 8 Three sided wall structure—open South
- 9 "Jalousie type" Southern roof provides direct sun rays on 80 per cent of floor — OPTIONAL
- 10 "Sun Sensor" control automatically opens and closes optional jalousie roof for maximum winter comfort
- 11 Complete herd grouping accommodations
- 12 Automated feed control

WE'RE INTERESTED IN ECOLOGY!

With our completely covered lots and a sun roof with an open peak, rain water does not enter the bay area and maximum evaporation of animal liquids is obtained. An "all-drained" floor system is installed and a curbed fence line keeps manure in place to be scraped into a liquid pit or a push-off loading system. By preventing manure run-off the surrounding area is not polluted.

Yes, since your urban neighbors and government fathers are interested in ecology, we are ready to help you build a system that will put you ahead on the pollution problem.

And, low moisture levels in Solair Systems results in less bacteria action and fewer odors.
