

**For And About Teenagers**

**Polyester—Easy Care Fiber**  
 Polyester is a man-made fiber found in double knits, permanent press fabrics, curtains, draperies, upholstery, carpets and pillow stuffing. It has become the darling of the textile industry recently because of its popular characteristics. Polyester is durable, wrinkle-resistant, dries rapidly, rarely needs ironing and has good shape retention including holding pleats and creases well. Most garments of polyester are machine washable and dryable, but as with anything you buy, check labels and follow care instructions.

 THIS WEEK'S PATTERN'S  
 BY AUDREY LANE

**THIS WEEK'S LETTER:** I am 15 years old and I have this problem. There are two guys at school that like me and they are constantly trying to get me to like them. One night one of the guys came over and the other guy got so mad he didn't speak to anyone the next day until I said "Hi" to him and talked with him. He is really mad at the guy that came over. The day before it all happened they were good friends - always hanging around with each other. They are really nice guys, but I like one of them a little better than the other one, and I don't want to hurt the other guy's feelings. They both always phone me and talk to me and we always get along. But now, they both want to get more serious with me. I am really confused about the whole thing. How should I handle it? What should I do?

**OUR REPLY:** There are two different ways you can handle this situation and only you can decide which is the right way for you to go. If you like them both and don't want to hurt anyone's feelings you could tell them that you like them both, but just as friends - tell them you don't want to get serious. The other way is to get serious with one, but realize that you'll probably lose the friendship of the other. If you should take the second way, remember this won't be the first or the last disappointment for the other guy.

If you have a teenage problem you want to discuss or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, COMMUNITY AND SUBURBAN PRESS SERVICE, FRANKFORT, KY. 40601.

**Goose Soup**  
 Melt 2 tablespoons rendered goose fat (use drippings from roasting goose) in a Dutch oven or large kettle. Saute 1 cup sliced onion until limp but not browned. Add goose giblets and neck, 5 cups water, 1 teaspoon salt and 1/2 teaspoon celery salt. Bring to a boil. Reduce heat, cover and simmer 1 hour. Remove meat with a slotted spoon. Cut meat off neck and finely chop giblets; return

meat to kettle. If desired, add leftover cut-up roast goose. And 1 can (1 lb.) tomatoes, cut up, 1 cup pearl barley, 1 teaspoon beef stock base and 1/2 teaspoon thyme. Return to a boil, cover and simmer 1 additional hour. Makes about 2 quarts.
