

Mr. & Mrs. Vernon J. Leininger

"Pennfield's Computer Flock Analysis is almost like my personal bookkeeping department.

"The monthly computer sheet I get from Pennfield, tells me all the information I need to know to run my poultry operation.

"The accurate and complete records have helped me catch weaknesses in my feeding program, before they've become costly problems.

"In the beginning I used the computer sheet to get credit from the bank. It's so clear, even the bankers could understand it.

"At tax time, I go right to the computer sheet. Pennfield even figures depreciation the same as IRS.

"I could go on, but I think I've made my point."
