

Set the records straight for these birds

Keeping good records is a vital part of a successful poultry operation. And Pennfield's Computer Flock Analysis is designed to do that for you.

With the help of the Pennfield computer, all the information you need to make intelligent decisions to run your poultry operation is compactly printed on one computer sheet.

The records are so clearly stated, you can use them to help you obtain credit from the bank.

Pennfield's computer records are accurate and complete enough to use for tax purposes. Make them your record keeper and keep your records straight.

At your invitation, a Pennfield area manager will answer all your questions about Computer Flock Analysis.
