Now When You Take A Bible -It's Okay

Churches of the United States and Canada are joining hands with the World Home Bible League in an effort to place a copy of *Reach Out*, the New Testament portion of *The Living Bible*, in every motel room on this continent, according to the Rev. John DeVries, international director of WHBL.

The project is about two years old at this point and has been set up in 32 states and three provinces. Of the 1,200,000 motel rooms in the United States, 200,000 have had *Reach Out* placed in them.

Paradoxically, the aim of the project is to have transients take the New Testament with them, and to encourage Bible reading in this way. One month this summer 100,000 copies of the modern English New Testaments were taken by tourists. Printed on most hotel Bibles are the words "Please Leave In Hotel Room."

By the end of 1974, DeVries says the league plans to have contacted all the U.S. motels. An annual turnover of more than three million New Testaments is anticipated.

Inserts in each copy of *Reach Out* invite tourists to take the New Testament with them and to enroll in an interdenominational Bible correspondence course sent out from the local church which distributes the Bibles. Over 10,000 people enrolled in the Bible course in that month.

The World Home Bible League is an interdenominational Bible distribution agency with headquarters in South Holland, Ill. It was founded in 1928. Today its annual budget is more than three million dollars, and

the league is working in 50 countries around the world.

The World Home Bible League, in cooperation with the New York Bible Society, is responsible for the publication of 95 per cent of the translations produced by Wycliffe translators.

During the next five years the World Home Bible League is undertaking a campaign to bring a gospel portion of every literate person in India. The organization is a service agency which works through existing churches and mission points.

Reach Out is a paraphrase of the original New Testament translated by Dr. Kenneth Taylor, who heads Tynedale House Publishers which produces this version and *The Living Bible*. Taylor spent 14 years in paraphrasing his *Living Bible*, which now has 12 million copies on the market.

The effectiveness of the Bible distribution ministry is seen in this true story:

A rather discouraged and lonely young serviceman was spending his last night in the U.S. in a motel room in southern California. He noticed an unusual looking New Testament called *Reach Out* on the bedside table. Curious, he began to read. It was illustrated with modern pictures and, to his surprise, the text was in modern English, too, and he understood it.

Later, the church which had placed that *Reach Out* in the motel received this letter.

"Thank you for leaving the new Bible in the motel. It brought me closer to God at a time when I needed Him most. I have read the first 25 chapters of Matthew and can't seem to take my eyes off the Word.

"Please send my wife a copy of *Reach Out*. She divorced me for what I did to her before I left. She didn't think I would change. Bless you people for giving me a chance with God again. I hope my wife and daughter will benefit from *Reach Out* as much as I did."

Churches interested in this ministry receive an attractive manual and a cassette commentary on the manual, without charge, from the World Home Bible League. After listening to and reading the details, the church makes a decision to participate in the motel program. A charter is signed and the church applies for a territory and an initial order of materials is sent.

About a month later one of 15 full-time representatives throughout the United States and Canada contacts the church and offers additional help.

DAIRYMEN! SAVE MANY HOURS OF CLEAN-UP TIME EVERY WEEK

AND HAVE A CLEANER BULK TANK

INSECT TIGHT DUST TIGHT LID URETHANE PLASTIC FOAM INSULATION

NEW MODEL 70's Zero COMPLETELY AUTOMATED VACUUM AND NON VACUUM BULK MILK COOLERS - WITH BUILT IN SPATTER SPRAY AUTOMATIC WASHER

... By Trading in Your Present Tank on a New Model "Seventies" ZERO!

The ZERO is the only farm bulk milk tank with a completely-automated, built-in, "push-button" self-cleaning and sanitizing system! Made possible by round design, vacuum and the patented SPATTER-SPRAY Automatic Washer. After the tank is emptied—simply fill the detergent jar—set the Automatic Timer Clock—flip the Switch. And the ZERO washes, rinses and sanitizes itself!

Cleans the tank better, too! Note above how the Spatter-Spray's propellers hurl a cross-fire of detergent solution—with "tornado" force—against the tank's entire stainless steel interior. Official records show bacteria averages have been greatly reduced. Standard capacities, 100 through 6,000 gallons. Many other advantages.
