

# Nutrena Sow-Matic

PATENT PENDING

## THE SELF-FED FEED FOR SOWS IN GESTATION

Solve hand-feeding problems—hungry, restless fighting sows and hours of labor. Feed new Nutrena Sow-Matic in self-feeders to bred sows and gilts. Self-limiting diet helps keep animals trim, feed costs down. **PROVEN IN RESEARCH FARM AND FIELD TRIALS!**

## Letter To Editor

**Editor: Lancaster Farming:**  
I am trying to start a 4-H Dairy Goat Club in Lancaster County. We are having a meeting on Monday evening for all interested persons. This is not an organizational meeting - just a meeting to talk about forming a club and to see what the interest is. The meeting will be held April 1, 1974 at 7:30 p.m. in the Coca-Cola Bottling Plant, 1428 Manheim Pike (Just south of Park City entrance on Rt. 72.)  
Potential 4-H Club members, leaders, parents and friends are invited.

**All roads lead to the newest and nicest banking facilities in Southern Lancaster County. Find the best one for you.**

**xxx**  
**Make Barn Safer**  
Early spring is a good time for farmers to make a safety check on their barns. Agricultural engineers at The Pennsylvania State University stress having ladders and stairways sound and uncluttered, providing protection around doors and feed and hay chutes, repairing barn floors, and lighting dangerous corners.

**Feed Heifers Good Forage**  
Feed heifer calves all of the good or excellent quality forage they want. Add one or two pounds of a 16 percent grain mix, says Harvey E. Shaffer, Extension dairy specialist at The Pennsylvania State University.

**MORE MILK • MORE MEAT**  
**• MORE PROFIT**  
WITH

**MADISON SILOS**

• Feed high-quality, nutritious, corn and grass silage all year for more milk, more meat and more profit  
• Low original cost  
• Low upkeep cost  
• More than 60,000 Madison Silos in use
