

Bull Sale Held At Penn State

The first performance-tested bull sale in Pennsylvania saw 53 potential herd sires sold for a total of \$84,740, March 29, 1974, at the Meat Animal Evaluation Center, University Park, Pa.

The beef cattle were the top-scoring 75 percent of a group of young bulls that began a 140 day test early last fall at the Pennsylvania Department of Agriculture's facility at Pennsylvania State University.

The sale averaged \$1,223.40 per head with the top price

brought by "SHF Sir Royal Sam 13th", consigned by Stone Hollow Farm, Davidsville. "Sam" is a full brother to another bull from his Somerset County farm that earlier this year was named national grand champion of the Charolais breed.

With only six head represented in the sale, another exotic beef breed - Simmental - had the highest breed average, \$1,442. The 20 Charolais averaged \$1,372 per head while 18 Angus produced an average price of \$1,154. Other breeds represented in the sale included Chianina, Hereford, Polled Hereford, Red Angus and Shorthorn.

Performance testing of beef bulls is a departure from the previous method used at the center, progeny testing. In the latter, a bull was evaluated by checking the finished carcass of his steer offspring. Working on the theory that given the same type of production ration, a bull will have the same weight gaining characteristics and body conformation as his sons, a potential herd sire can be evaluated at least two years sooner with the performance-testing scheme.

The Meat Animal Evaluation Center is operated by the Pennsylvania Department of Agriculture at PSU working in close co-ordination with the College of Agriculture, Pennsylvania Cattlemen's Association, state breed associations and other facets of the Commonwealth's livestock industry.

Farm Women Exec. Board Meeting Held

Members of Farm Women Society of Lancaster County attended an executive board meeting Tuesday, April 2, at the home of Mrs. E. Robert Nolt, 3650 Meadow Spring Rd. Co-hostesses for the day were Mrs. Samuel Goss and Mrs. Glenn Shultz.

A letter of appreciation from Conestoga View for entertainment provided during the year by various societies was read.

Mrs. Robert Gregory, first vice president, was chosen as a delegate to the Penn-

sylvania State University to vote for trustees to the college and Mrs. Carl Diller, second vice president, was appointed to represent the Farm Women on the Antique Committee at the Farm & Home Center.

The Jaycees Camp for Retarded Children was the final decision for the Farm Women County Project for 1974. Mrs. Carl Johnson, president, requested that each society vote on the amount they wish to contribute and forward it to the county treasurer as soon as possible.

The County Picnic will be held at Lampeter Park in August. All members of Farm Women and their families are invited.

Next Executive board meeting will be held Monday, June 3, at the home of Mrs. Paul Kutz, RD4, Lititz.

New Idea's Forage Harvester

New Superchopper works 15% harder

Same Uni interchangeability and rugged dependability in a bigger capacity forage harvester

You'd better have enough forage boxes around when you use Uni-Superchopper

When there's chopping to be done, here's the self propelled forage harvester more farmers use than any other

Now with more reliability
more convenience
more capacity

Plus the flexibility of Uni-System's interchangeable gathering heads and harvesting units for small grain, beans and corn

This new Superchopper is a smooth operating unit that will get your job done, hour after hour and day after day

PROTECTING YOUR HOME

THE MISSING WIFE... A MAN SOLD LAND FOR USE AS A SUBDIVISION. THE SELLER SIGNED THE DEED AS "SINGLE". ACTUALLY, HE WAS SEPARATED FROM HIS WIFE, BUT NOT DIVORCED. YEARS LATER, LONG AFTER HE HAD DIED, HIS WIFE FOUND OUT ABOUT THE SALE OF THE PROPERTY AND SAW HER LAWYER FORTY-FIVE HOMES WERE INVOLVED.

SHE COLLECTED MORE THAN 10 TIMES AS MUCH FROM THE TITLE INSURANCE COMPANY AS THE ENTIRE VALUE OF THE PROPERTY AT THE TIME OF ITS SALE AND SUBDIVISION.

FOR FREE INFORMATION ABOUT HOW TITLE INSURANCE PROTECTS YOUR OWNERSHIP IN A NEW HOME, WRITE TO PENNSYLVANIA LAND TITLE ASSOCIATION, P.O. BOX 1166, HARRISBURG, PA., 17108.

When your water system lets you down...

CALL

A thirsty cow is apt to be bullish about an empty water trough. And she'd have a legitimate beef if it's because of a faulty water system, because you could have bought dependable Agway equipment to begin with. Then you would ALWAYS have water when she needs it

But it's not too late. We can offer you a pump tailor-made for your system, or a system tailor-made for your needs... both of them backed, of course, by Agway's 40 years of experience in selling newer, better water systems

So if water system problems have you hollering calf rope, hoof it on down to see us. We won't give you a bum steer!

AGWAY SUBMERSIBLES FOR EVERY WELL!

Agway's famous four inch molded stage submersible now has a brawny six inch brother! Both offer quality, performance and reliability proven in thousands of installations around the world. Agway backs each one with unconditional 10 year exchange plan and a one-year warranty

The one feed additive for growth and feed savings plus 4 way control...

AUREO S-P 250 In our feeds helps you control

- ★ ATROPHIC RHINITIS
- ★ SCOURS
- ★ CERVICAL ABSCESSSES
- ★ STRESS

AUREO S-P 250* has proved to be the one feed additive that provides a wide range of benefits to pork producers. No other antibacterial in feed does so many things to help produce fast gains — improve feed efficiency — and provide superior protection against the major diseases that threaten sows and growing hogs.

AUREO S-P 250 helps save feed — reduces labor and medication costs — by keeping hogs gaining in the presence of atrophic rhinitis, controlling bacterial scours, reducing cervical abscesses — and helping prevent these diseases during stress.

AUREO S-P 250 is beneficial at every stage of growth and production.

*AUREO S-P 250 is the registered trademark for American Cyanamid Company's premix of AUREOMYCIN® chlortetracycline SULMET® sulfamethazine and penicillin. Withdraw seven days before slaughter
