

Zimmerman Receives FFA Farmer Degree

Jay Calvin Zimmerman, 20, of RD2, Denver, was among three area young men to receive the FFA American Farmer Degree at the National FFA con-

vention held in Kansas City recently.

The Denver youth served as a former chaplain and secretary of the Cloister

FFA Chapter at Ephrata High School.

Zimmerman is the son of Mr. and Mrs. James N. Zimmerman, RD1, Ephrata and is married to the former Thelma Bucher.

As former regional vice-president of the state FFA, Zimmerman holds the Star Greenhand, Chapter and County Star Farmer degrees and state Keystone Farmer Degree and has won numerous awards with his Holstein cattle in shows at local, regional and state levels.

Since January of 1973 he has been in partnership with his father in a dairy operation which includes 70 registered Holsteins.

Zimmerman is a member of the Ephrata Area Young Farmers, the American Holstein - Friesian Association and the Ephrata Mennonite Church.

Jay Zimmerman, RD3, Denver is shown receiving his American Farmer Degree from Mark Mayfield, the

National FFA president, at the FFA convention in Kansas City.

Some people believed that Robin Hood could shoot an arrow over a mile.

OVER TEN YEARS EXPERIENCE TELLS THE STORY!!

ROUGHAGE ANALYSIS INCREASES YOUR POTENTIAL

- For Higher Milk Production
- For Greater Income Over Feed Cost
- For Improved Net Returns

Feed, whether you buy it or grow it, represents an outlay of 25 to 45% of your milk check. Beacon's Free Roughage Analysis Service can help you lay the foundation for an efficient and effective feeding program for your herd.

"Eyeball" analyses won't do the job. You need scientific sampling, high quality laboratory analyses of the samples, and ... most of all ... the recommendations of skilled and practical dairy nutritionists on how to apply these analyses to benefit your herd.

The Beacon Roughage Analysis Service will help you toward the three goals all dairymen share: Higher Milk Production, Greater Income Over Feed Cost, Improved Net Returns.

There is no charge for this very worthwhile service. The Beacon Advisor will visit your farm, take samples of all your roughages. He'll send them to the Beacon laboratory for analysis. You'll get back a report and feeding recommendations tailored specifically to your herd, its production level and your roughage supply.

from HISTORY'S SCRAPBOOK DATES AND EVENTS FROM YESTERYEARS

- November 1, 1913—Notre Dame introduces the forward pass in its football game against Army.
- November 2, 1889—North Dakota is admitted as the 39th state of the Union.
- November 3, 1896—Idaho, by popular vote, grants full suffrage to woman.
- November 4, 1952—Eisenhower and Nixon capture the White House — the first Republicans to do so in twenty years.
- November 5, 1946—John F. Kennedy, 29, wins a seat in the House of Representatives.
- November 6, 1869—Princeton and Rutgers meet in the first formal intercollegiate football game.

New, tough spreader... 318 bu,* big! from New Idea

Looks like all the other New Idea heavyweights... really made strong! Equipped with oscillating bogie axles for good flotation and load carrying capacity on soft, uneven ground. The clear yellow pine box is treated with

water-repellent Penta preservative, and is supported and reinforced with extra heavy steel cross ribs, side members, full length steel flares. Choice of single beater and double beater models. Options include hydraulic end-gate and pan attachment for sloppy manure. See the big one today!

*New 1971 ASAE standards for single beater model: 173 cu. ft. struck capacity, 275 cu. ft. heaped capacity.
