## Retirees

Two employees have retired from Sperry New Holland, each with 25 years service.

Walter M. Shirk of 370 Jackson St., New Holland, retired as a production assembler at the end of February. He joined the company in 1951 and has also worked as a stock selector, packer and welder.

Albert D. Kunkle of 763 E. Main St., Ephrata, also retired at the end of February. He worked as a dip painter at the time of his retirement but has also held jobs with Sperry New Holland as a production assembler and stock handler. Kunkle also joined the company in 1951.

Newberrytown Elementary School at 7:30 p.m.

**Friday, March 14**  
 Wellsville 4-H Community Club meeting at the Rossville Lions Hall at 7:30 p.m.

**Saturday, March 15**  
 York County 4-H Roller Skating Class at the Roll R Way Rink in the Delco Plaza at 6:00 p.m.

York County 4-H Baby Beef Weighing meeting at the York Fairgrounds at 9:30 - 12:00 noon.

Those figures looming over the head of associate Lancaster County agent Jay Irwin, left, and Penn State ag economist Lennie Kizer are telling diarymen that a Lancaster County cow milking 42 pounds of a day would lose nearly \$20 a month, given

average feed, labor and other input costs. The remarkable thing about the figures, which were displayed at Tuesday's Lancaster County Dairy Day, is that they came by phone from a talking computer in Minnesota.

**New Idea's NEW "Hay Thing"**

**Makes hay that cattle like better**

Introducing New Idea's advanced 7-foot Cut/ditioner—a field-proven machine that makes quality hay in rank, heavy first cutting, or thinner later cuttings. It cuts cleanly and conditions gently. Makes soft, palatable hay with rich, protein-filled leaves and tender tops that cattle prefer. Won't plug—even in long, rank and down hay.

This new "Hay Thing" can also be used as a tedder or to turn windrows. And it does a lot of other jobs, such as clipping, cutting and shredding.

All this, plus low first cost and trouble-free operation. New Idea's advanced Cut/ditioner—the new "Hay Thing."
