

## York Hort Club Member - Leader

(Continued from Page 1)

Horticulture Club in Columbus, Ohio, in 1972 and decided that it would be interesting to begin one in the county."

"We have quite a large club of almost 150 people enrolled, but since many people have a long drive to the meetings we have about one-third the enrollment as active members"

Jeff is presently serving as a leader for the club and commented on its function.

"The club is a county-wide

organization and we specialize in horticultural projects such as floral arranging, gardens and landscaping."

David Hart, Assistant County Agent for York is also a leader for the Horticulture Club.

Likes 4-H Camp

Although Jeff has attended many local, county, regional and state functions and activities, he admits that his favorite has been attending the area 4-H camp

"Although I've been to

many meetings and conferences I do like the area 4-H camp probably the best. I enjoy working with the younger members and for me it is like a vacation."

"I guess I have the most fun at the camp and enjoy it each year."

When asked just how 4-H had helped him, Jeff smiled and explained, "that's a hard question because I could answer so many ways."

"4-H has given my a chance to develop my speaking abilities as well as to gain extra responsibility." "I've enjoyed working with people and meeting people from other states and countries and learning their cultures."

Although Jeff has devoted much of his time to 4-H work both on the local and county levels, he has also been active in many other youth programs.

A junior at Spring Grove High School, Jeff has been in the marching band, orchestra and stage band. He has also been a class officer and has participated in school plays.

In 1969 he was a member of the Thomasville School Safety Patrol and has been a member of the band council.

Jeff is also a member of the Trinity United Church of Christ and belongs to the youth group.

Although Jeff isn't certain of his future plans, he would like to be an extension agent majoring in horticulture.

"I guess my 4-H background has helped me make my decision to be an extension agent. I would also like to teach if I decide extension work isn't exactly what I want."

Jeff still has one more year of school before he'll go on to college and during that time, he'll no doubt still be active

## Cedar Crest Farmers Meet

During the month of March the Cedar Crest Young Farmers held a four week course on arc and gas welding. The instructor for the first, third and fourth week was Don McNutt. The instructor for the second week was John Herr of Annville.

The chapter met for a monthly meeting on April 1. A film on alfalfa seeding was presented. The meeting topic was the grain and cattle price futures. The speaker

in 4-H work as a member and leader. And as president of the County Council he will still be busy making all the clubs run smoother. In fact when this reporter left, following Jeff's interview, the young man was making sure the 4-H Center was ready for a dance that evening.

was Duane Swartz of the Merrill Lynch Co. Guests for the evening were members of the Annville-Cleona chapter, Mark Hershey, local feed dealer and Denis Hoke, Assistant County Agent in Lebanon.

**THIS ONE IS DIFFERENT !**

The Deutz 912 series engines are different because they have direct fuel injection! Piston oil cooling with lube oil cooler

**QUIETER** — Runs as quiet as a water-cooled diesel.

**EASIER STARTING** — Needs no heater plugs.

**F21-912 SPECS** — H.P. at 1500 RPM equals 20 continuous  
H.P. at 2300 RPM equals 27 continuous.

## Station WIOV Searching for Country Talent

How would you like to perform on the GRAND OLE OPRY? Well you may get the chance because radio station WIOV, 105 stereo has just announced it will be participating with the world famous GRAND OLE OPRY in conducting it's 50th Anniversary Country Music Talent Search!

According to Andrew Chase, Talent Search Coordinator of WIOV, the talent search is being held to give Country performers a chance to display their talents and achieve national recognition as well as commercial success in the music industry.

The winning act of the WIOV talent search will be considered by the Opry to be on their Semi-Finals show this summer. The Finals will

be held in Nashville this October at the GRAND OLE OPRY HOUSE.

Mr. Chase further states that the GRAND OLE OPRY Talent Search is open to all Country performers 16 years or older who are not under a recording contract.

Top prizes for the Opry's talent search include a prestigious recording contract, appearances on the Opry, a cash award, and guest spots on Country music's top TV shows.

Entry blanks are now available by contacting WIOV at Box 430, Ephrata, Penna. 17522, Attn. Talent Search. Entry blank request deadline is May 17, 1975.

# Arcadian Liquid.

Easy way to feed and weed.

Knock off two important jobs in one easy trip. Just add a proper herbicide to Arcadian Golden URAN® or SLF mixed liquid fertilizer while the circulator pump is running, and weed as you feed in one trip over your field. One feed and weed application can do away with several time-consuming cultivations and the resulting crop thinning, root damage and soil compaction.

Your crops grow faster when roots don't have to compete with weeds for plant food and moisture. And the bigger yields are easier to harvest in weed-free fields.

Only liquid makes feed and weed so easy. It's easier still when you have us do the job for you. Our custom application will free you

for other jobs and assures uniform results. So stop in or call. You can count on us to give you the best combination of crop protection chemicals and liquid fertilizers.

See me now.
