

Lancaster Cattleman Shows Champion Steers

A Lancaster County cattleman and his sons walked away with a host of prizes at the Lancaster Stockyards Fed Steer Show held on Wednesday afternoon.

Paul Rohrer, Lancaster R2 and his sons, Dick and Ken, exhibited the grand champion lot of fed steers. The Angus cattle had previously won the heavyweight breed division earlier in the show.

Another lot of angus cattle consigned by Martin Eberly, Ephrata R2, took the reserve champion honors having been selected as the champion lightweights of the breed.

Rohrer's champion lot sold by J. M. Hooper, Inc. went to Cross Brothers for \$56.60 per hundredweight; while the reserve lot sold by Hooper also, was purchased by Alley Packing Co. for \$53.85.

Winners in other breed competitions were: reserve champion Hereford - Melvin Rohrer, Littitz R3, champion Hereford lot - Paul Rohrer, Lancaster R2; champion Charolais - Clarence Miller, Littitz R2; reserve champion Charolais - Elmer Hoover, Leola; champion crossbred - Clyde Eshelman, Washington Boro; reserve champion crossbred - Stanley White, Manheim and champion Holstein lot - Aaron Weaver, Ephrata R2.

Judge for the event was Milt Marshall of Cross Brothers Packing Company of Philadelphia. A total of 252 head of animals were entered in the contest.

Two lots of Angus steers took the top two prizes during the Lancaster Stockyard's Fed Steer Show and Sale.

The animals shown were the reserve champion lot exhibited by Martin Eberly, Ephrata R2.

Paul Rohrer, (right) Lancaster R2 holds the trophy awarded him and his sons Ken and Dick for exhibiting the

grand champion lot of fed steers at the Lancaster Stockyards Show held on Wednesday afternoon.

HER JOB BETTER MILK PRODUCTION

OUR JOB QUALITY FEEDS

Let us help keep milk production high with scientifically formulated Dairy Feeds to meet needs of calves, heifers, dry cows, milkers . . . to protect health, promote growth, increase productivity.

HESSTON When the crew is you

HESSTON
StakHand 10

Even in a one-man operation, Hesston makes it possible to include a moderate size haying program with the HESSTON StakHand® 10. Yes, the StakHand 10 will get your hay up and out of the weather at the hourly rate of four to six tons. And the stacks have self-storing, weather-resistant capabilities. Couple the StakHand with a choice of StakMovers and you can put up hay one day, they move it later on. See us for all the benefits of a StakHand right away. We can even show you how the Stak-Hand 10 system lends itself to feeding programs.

Swing it left or right

HESSTON
1014 WINDROWER

Hydrostatic header drive and center placement of the arched tongue on the header allow infinite positioning of the new center pivot Hydro Swing® 1014. Yes, Hesston's 1014 can cut on either side of the tractor to let you windrow in either direction . . . up and down the field. Or, the swing cylinder lets you position the header directly behind the tractor to clear gates. Available in widths of 12' or 14', the headers give trouble-free operation even in dense crops. And 57" conditioner rolls gently fluff hay into well-formed windrows. See us about the new 1014 soon. It's an ideal way to open your fields to your choice of HESSTON StakHand® Automatic Hay Handling Systems.
