

Lancaster County 4-Hers To Attend Leadership Conference

Fifty-four Lancaster County 4-H members will learn specialized leadership skills and take a look at

current teenage concerns when they take part in Pennsylvania 4-H Leadership Congress June 23-26 on The Pennsylvania State University's main campus.

The county delegation will join with about 1,300 other 4-H members from all counties to share and contribute ideas which will improve local community programs. At 4-H Congress, they will take part in assemblies, discussion and interest groups, and recreational activities.

"This year's event will include four areas of leadership orientation and development," said Linda Franz, 4-H Assistant. "A Leadership School for teen leaders, a State Leaders Forum for adult leaders, a Congress delegates workshop for 13 to 15 year olds, and camping training are aspects of the program."

Members participating in 4-H Congress as delegates are: Allen Ackley, Vicki Bare, Anita Augsburg, Betsy Best, Lamar Benner, Connie Bensing, Jan Bensing, Sheryl Bollinger, Dwight Brubaker, Kenneth Brubaker, Sue Cassel, John Charles, Wendy Drybred, Deborah Enders, Martha Gregory, Sue Grim, Kathy Hastings, Barbara Helm, Larry Hershey, Dean Hess, Sharon Hess, Linda High, Thomas Kirk, Eileen Lesley, Edward Manning, Anne Martin, Sally Martin, Sharon Martin, Cindy Mask, Barbara Miller, Sharon Peters, Philip Risser, Dawn Root, Mary Roth, Donna Sammons, Mary Lou Smoker, Christine Spickler, Jay Stauffer, Joyce Stoltzfus, Timothy Swarr, Elyse Wells, Laura Wunderly.

Six teen leaders, Donna Bare, Bonita Dennison, Sue Harrold, Susanne Martin, Judy Stoltzfus, and Carl Thomas will attend a special school designed to increase skills to work effectively in planning and conducting county youth programs.

Topics will include communications skills, understanding social concerns and group processes, and recreation.

Leaders and Extension staff members will meet with College of Agriculture officials and participate in educational workshops involving the understanding of leadership principles, working with groups, communications, and subject matter related to selected 4-H projects.

Also scheduled during Congress will be two camping leadership programs: resident camping and "street" day-camping. Over 100 campers between the ages of 14 and 17 will be involved in this educational experience. Andrea Gibson, Genevieve Gibson, Ted Gray, and William Gray will attend from Lancaster County.

Another county 4-H member, Gary Akers of R.D.1, Quarryville has been named to serve as a Leadership Council representative. Gary will supervise program activities along with 59 other state members.

Henry Gibson of Lancaster has been named to serve as one of three Leadership School advisors.

Leadership Council delegates and Leadership School advisors will arrive on the Penn State campus June 20 for two days of counseling and orientation to prepare them for their duties the remainder of the week.

Highlights of the four-day

conference will include a program by Pearl Williams-Jones, singer, pianist, and faculty member of Federal City College, Washington, D.C.; an address by Dr.

William M. Smith, professor of rural sociology at Penn State; and "Sing Out" of Greater Harrisburg, a young people's group featuring heritage songs.

HESSTON FARM EQUIPMENT

When the crew is you

HESSTON StakHand 10

Even in a one-man operation, Hesston makes it possible to include a moderate size haying program with the HESSTON StakHand® 10. Yes, the StakHand 10 will get your hay up and out of the weather at the hourly rate of four to six tons. And the stacks have self-storing, weather-resistant capabilities. Couple the StakHand with a choice of StakMovers and you can put up hay one day, they move it later on. See us for all the benefits of a StakHand right away. We can even show you how the StakHand 10 system lends itself to feeding programs. (Open your field to a StakHand Automatic Hay Handling system with your choice of Hesston windrowers.)

Harvestall Grain-Care Meeting

Featuring **GRAINLAMP™-Drying**

The curtailment of natural gas and LP gas supplies for grain drying in the near future is cause for grave concern among thoughtful farmers. But there is an answer to this pressing problem. Even before the energy crisis existed, Harvestall had designed a Grain Care system that has increased corn profits for many Midwest farmers.

Called the GRAINLAMP System, this advanced method of corn drying uses energy-conserving efficient infra-red technology to cool-dry corn. It gives you much lower drying costs, better quality corn, and higher test weights.

This means extra profits from your corn crop. And computed on an area basis, it could mean an extra \$1,000,000 added annually to the farm economy of the average Iowa county.

Mr. Corn Grower, your gas tank is running dry, your drying costs are skyrocketing. We'll be presenting a proven, profitable solution to this problem at an informative meeting. You're welcome to attend.
