

Holsteins Classified

Dale Pride Farm of Annville reports that his Registered Holsteins were classified for body conformation on Sept. 6. The scoring was done by an official classifier of Holstein-

Friesian Association of America, Brattleboro, Vermont.

Dairymen enrolled in this herd improvement program received a numerical score for each animal evaluated. The True-Type Holstein represents theoretical perfection and has a value of 100 points on the classification score card. Each animal is scored, receiving a rating of Excellent (90 points or more), Very Good (85 through 89), Good Plus (80 through 84), Good (75 through 79), Fair (65 through 74) or Poor (64 points or below).

Including animals previously scored, the Dale Hostetter herd has 4 Excellents, 30 Very Goods and 25 Good Pluses.

To provide a more complete image of each animal, the classifier also used comparative terms to describe twelve major parts of the animal's physical characteristics. This "word picture" serves as a guide for planning a breeding program to improve the herd.
