

Farm Activities

The Board of Directors of the Lancaster County Poultry Association will hold their next meeting Monday Evening October 6, 1975 at 8:00 p.m. in the Farm and Home Center.

Please try to attend the meeting October 6.

xxx

4-H programs are conducted in 3,150 counties of the United States, District of Columbia, Puerto Rico, the Virgin Islands, and Guam.

Let no guilty man escape, if it can be avoided. No personal considerations should stand in the way of performing a public duty

Ulysses S. Grant

Sixty acres of land on the James Willrett farm were taken up by the exhibit area alone during the 23rd annual Farm Progress Show which was held there last week. The event, the largest of its kind in the world, always takes place on a midwestern farm. Unlike eastern fairs and shows, where one large tent is usually shared by several and even more than a dozen exhibitors, this agricultural exhibition had one large tent for each exhibitor. The big machinery and tractor companies even had their own "arenas" complete with grandstands and shows featuring their implements and tractors. And it was all accompanied by a band which played popular music on guitars, drums, clarinets, saxophones, and electronic organs.

No Other Protein Need When You Feed SPECIAL TANVILAC

Feeders Say...

"The Most Economical Feeding Plan of All"

No trouble with scours or cattle going off feed. You'll be more than satisfied with our feeding program for you'll get healthy stock, quick gains at low cost. Remember, there's a FEED LOT PROVEN TANVILAC CULTURE PRODUCT FOR EVERY FARM-FEEDING PURPOSE.

USE ONLY 1/4 LB. SPECIAL TANVILAC PER HEAD PER DAY WITH GRAIN AND ROUGHAGE - GET BIGGER PROFITS

BULLETIN BOARD

BIG YIELDS . . . HIGH TEST WEIGHT . . . WIDELY ADAPTABLE SEED WHEAT!

Introducing COKER 68-15

You'll put less straw through the combine with Coker 68-15. It normally ranges from 38 to 42 inches high - 6 to 8 inches shorter than Coker 65-20. Resistance to lodging has also been very good. Coker 68-15 will stand up under more units of N than most wheats we've tested.

Coker 68-15 grain is readily accepted by the flour trade. It performed well in preliminary cookie and cake baking tests, and ranked first in combined milling and baking quality in 1969 USDA Soft Wheat Quality Tests

Table 15. Performance of wheat varieties for several characteristics at Hagerstown, 1974.

Entry	Yield Bu/A	Rank	Test wc. lbs /Bu	Date Headed	Percent Lodging	Height Inches	Percent Mildew
