The New Val-Cup Poultry Watering System

Check These Features

- 1 no training necessary because there's no triggering device
- 2 Eliminates dehydration problems especially with young birds or after debeaking
- 3 Always a full cup regardless of main line pressure variations
- 4 Super simple installation easily accomplished by anyone. Insert and twist. Requires no special tools.
- 5 Independent Testing Labs show Val Cup averages 25% less bacteria count
- 6 Self cleaning. Solid particles are kept in suspension until eaten.
