

Nearly \$30,000 paid for York-Adams 4-H animals

THOMASVILLE — Tammy Eisenhower's grand champion 1180-pound Angus steer sold for \$1.04 per pound to pace the way towards a total of \$29,757.75 paid to 4-H'ers in Adams and York Counties for that organization's annual steer and lamb sale.

The champion lamb, a 95-pound crossbred owned by Laurie Dobrosky, brought \$1.45 per pound.

The sale was held Wednesday afternoon at the Thomasville Livestock Auction facilities, following the York Adams Counties 4-H Beef Show. (See that story on pages 54 and 75.)

Miss Eisenhower's animal went to Weickert's Livestock Co. of Gettysburg. A total of 47 steers were sold in the sale which averaged \$59.17 per hundredweight. The reserve champion steer — a 1160-

pound Angus crossbred — commanded a price of 80 cents per pound with the top bid coming from the Three Sons Meat Market of York. Without the champion animal, the sale averaged \$58.43 per hundredweight.

Jay L. Miller of York was the purchaser of the grand champion lamb. A total of 44 lambs were sold for an average price of \$63.17 per hundredweight. The average price was \$60.42 per hundredweight if Miss

Dobrosky's champion is excluded from the figuring. The reserve champion lamb was sold by Tom Flory for 85 cents per pound to Ray Mummert, Brodbeck's R1. The Red Lion youth's entry was an 85-pound Crossbred.

Hearing aids given

LANCASTER — Six hearing maintenance kits for use in helping pupils with hearing problems were presented to the Lancaster-Lebanon Intermediate Unit 13 by the Pennsylvania State Grange Wednesday morning.

The units, plus two training kits for technicians, have been purchased by the Women's Activities Committee and the Youth Committee of the state Grange. They will be available for use in the 21 school districts of Lancaster and Lebanon counties.

The presentation was made at the Wednesday morning session of the 103rd annual State Grange convention by Mrs. Leroy Hoover, chairman of Women's Activities, and Douglas Bonsall, youth chairman.

Here's a good idea for a great finish

Feeds with 50 grams per ton of AUREOMYCIN®
require no withdrawal before slaughter.
This lets you pack on the pounds
and protect your hogs all the way to market.

AUREOMYCIN gives you good weight gains and feed efficiency. At the same time, it protects against losses from bacterial scours, cervical abscesses and atrophic rhinitis, and helps prevent these diseases during times of stress.

Finishing is no time to ease up. Make sure your program includes AUREOMYCIN, "THE EFFICIENCY

FACTOR." It's the perfect follow up to starter-grower programs with AUREO S. P. 250, the hog feed additive used by more producers for starting their hogs than any other additive.
