HEAVYWEIGHT HARROWS

WITH SLASHING POWER!

Come see how tough Allis-Chalmers disc harrows cut and slice deeply into your soil to prepare a proper seedbed. Extra weight—75 pounds per blade in the 2300 make the penetrating difference. Or choose the 3000 with 140-pound blades that are more than a match for heavier soils. Let us show you how shock-absorbing, spring-steel bearings give

years of protection against rust freeze-ups and maintain alignment.

Wide choice of blade sizes with back-up plates that provide extra strength where it's needed. Stop in for full details now.
