1-row Superpicker...
low cost way to
harvest your corn

Without question, this New Idea Superpicker is the most popular 1-row picker on the market. In true Superpicker tradition, it has big capacity and operates non-stop in all kinds of corn.

The big rotary gathering unit picks clean in heavier yields, even in down and tangled corn.

Exclusive Flex Finger presser wheels clean out the husking rolls, keep them moving, so husking efficiency means the picker's non-stop gathering capacity.
