Old Farmer's Riddle: What does an artist like to draw best? (Answer below.)
Ask the Old Farmer: Can you help me locate a curtain stretcher or dryer? My mother used one to shape and dry her lace curtains and tablecloths, but not many people know what I mean today. I'd make one if I had the plans. H.F. Greenville, N.C.

Our sainted grandmother, the one who carried a hatchet in her apron pocket, always stretched her lace curtains on her quilting bars. Antique shops carry quilting bars, and they are easy to copy.

Home Hints: Cool soup to room temperature and then pour it into plastic bags for freezing. The contents can be detested a big ol' time for a hearty quick meal. **Riddle answer:** His salary.

ARE YOU CONCERNED ABOUT EGG PRICES?

Egg consumption should be of great importance to everyone involved in the egg industry. Consumption is declining and we must stop this trend and encourage, through advertising, increased egg consumption.

Babcock Farms has financially supported various egg promotion campaigns. Also, we have recently added "The Incredible Edible Egg" promotion decals to our delivery vehicles.

Our parent company, Babcock Poultry Farm, has supported the egg promotion campaign with thousands of dollars in donations in recent years.

Babcock Farms is with you, our customers, in the fight for better egg prices.
