

# Lancaster to host meeting of Inter-State milk cooperative

SOUTHAMPTON, PA — Dairy farmers and leaders from six states will be converging on Lancaster, Pa., Nov. 25-26, 1975, as Inter-State Milk Producers' Cooperative holds its 58th annual meeting.

Nearly 3,000 dairy farmers in Penna., New Jersey, Delaware, Maryland, Virginia and West Virginia will be represented at the meeting by the more than 300 directors, officers, delegates and alternates from Inter-State's 22 districts and 77 locals.

The meeting serves two functions. It is the policy-making session for the new business year, and an opportunity for the members to receive in-depth reports on the year's business, activities and achievements, including a detailed look at

the cooperative's financial status.

"We consider it vital to maintain a well-informed membership," said Dr. James E. Honan, general manager. "By keeping this open record policy, we feel we have been able to avoid the problems suffered by other cooperatives."

The first day's morning session will be devoted to reports by Lester C. Jones, president; Dr. Paul E. Hand, assistant secretary and economist; Robert M. Dever, treasurer; William B. Hastings, director of field and laboratory services; Boyd C. Gartley, director of member & public relations; Watson E. Buckman, director of transportation; and Donald F. Copeland, counsel.

Dr. James E. Honan,

general manager, will report to the delegates that afternoon.

The first day's activities will be highlighted with the evening banquet program featuring Paul Harvey, nationally known radio commentator. Don Schriver, director of public relations, The Ohio Farmers, Fostoria, Ohio, will be toastmaster for the evening. Entertainment will be provided by The Shoppe, Dallas, Texas.

Members of the Young Cooperator Consultant Committee, a group of active young farmers, will host their 6th annual breakfast at 7:15 A.M., Wednesday, Nov. 26. Charles H. Rohrer, Paradise, Pa., is breakfast chairman, while Amos Rudderow, Moorestown, NJ, is chairman of the YCCC. Phillies pitcher Gene Garber will speak at the breakfast program.

Following the breakfast the delegates will present and vote on resolutions concerning policy proposals for the upcoming year.

Women attending this year's annual meeting will

tour historic sites in the Lancaster area.

Members of the annual meeting committee are Dnael L. Martin, chairman; William Brinsfield, vice chairman; Willis L. Greaser, and Lester C. Jones.

The Resolutions Committee consists of Lester K. Fiery, Clear Spring, Md., chairman; William Cadwallader, Salem, NJ; H. Wallace Cook, Jr., Newark, Del.; and Robert E. Smith, Shippensburg, Pa.

Members of the Ladies Committee include Mrs. Maurice Rudderow, Moorestown, NJ, chairman; Mrs. Victor Dickerson, Middletown, Del.; Mrs. Lawrence Hignutt, Henderson, Md.; and Mrs. Rhelda Royer, Lancaster.

xxx

"Surely you can't have been right all the time?"

"That's right. There was one time when I wasn't."

"When was that?"

"Once when I thought I was wrong and I wasn't."

John Huber, Millport Rd., exhibited the grand champion capon at the Lititz-Manheim 4-H Club roundup held Nov. 12 at the Overlook Golf Course. Huber's capon was auctioned off to the Northern Lancaster Kiwanis and brought \$25.

Paul Harvey will address milk producers at the 58th annual meeting of Inter-State Milk Producers Cooperative, scheduled for the Host Farm Resort in Lancaster on Nov. 25-26.

What only a few of the thousands of satisfied users say about —

## VX-6 BATTERY ADDITIVE:

Says Lee Petty, one of America's greatest racing champions: "I'm constantly being called on to test new automotive products. So far I've yet to come across any product that can be more important to every battery owner in terms of money-savings, performance, safety and convenience. Because, what could be a better feeling than to know that your battery can never again fail you for the life of your car."

"I am convinced that your VX-6 is as good as you claim it to be." D. L. Boatright, Sandridge, W. Va.

"Six years ago I purchased a new car. When it was 2 years old, I put VX-6 in the battery. 102,100 miles later, my car still starts up like new. It has the original battery in it." R.V.K. White Cloud, Mich.

"I saw VX-6 advertised for a long time, but was always afraid to try it. I finally bought some and put it in a 12-volt battery that was dead. I recharged it, and it is amazing what VX-6 has done. I was going to throw that battery away, so you see why I highly recommend your product." R. J. Behrend, Melbourne, Florida

"We have never had to go out and tow in one single car since we went to VX-6, as this product dissolves all sulphation in old batteries"
