

AGWAY

Are you buying more feed than you need?

This three-part Agway program could cut your feed bill and at the same time raise your production:

1 Agway's free TDR Profile (a \$15 value) spells out the least-cost way to make the most of your home-grown forage and grain

2 Ratio Right feeds balance out those homegrown feedstuffs to assure the right milk-making intake for your herd - without waste

3 As the cow is the final judge of her protein needs, keep Agway Liquid Protein Supplement (LPS) handy all the time. If she needs more protein than her normal ration supplies, she

gets it easily and inexpensively from LPS. If she doesn't, she passes up the LPS feeder

Your Enterprise man can put these profit-guarding tools to work for you. Contact him through your local store or representative

THOUGHT FOR THE WEEK

Too many people are ready to carry the stool when the piano needs moving.
