Additional Savings Available On Larger Quantities. Contact Your Purina Dealer Today.

Because Purina Golden Bulky is very palatable
you can top feed it to your high producing cows
and help them produce even more milk.

WHAT IS GOLDEN BULKY?

Purina Golden Bulky has long been a favorite of profit-minded dairymen because this bulky, nutritious feed can be used so many different ways to help increase milk production and add income to dairy operations throughout America.

Golden Bulky was first fed to cows and heifers in the early 1900's. Since its introduction, Purina Dairy scientists have made many improvements which have added to its versatility and milk-making qualities.

It is a bulky, nutritious, easy-to-feed 10% protein ration-containing molasses. Cows really love its sweet, succulent flavor! It is a versatile ration, which fits well into feeding programs for milk cows, heifers or dry cows. With its fortification of minerals and Vitamins A and D it makes an excellent supplement in roughage programs with hay, pastures or corn silage.

Because of its versatile qualities it has often been called "A dairyman's best friend."

GOLDEN BULKY HAS MANY USES

- Top Feed 2 gallons per day to stretch hay supply 2 gal.=6 lbs. of Hay
- Helps fussy, high producing cows produce even more milk when top fed with regular milking ration.
- Mix 50-50 with grain for dry cow and heifer ration.
- Replaces molasses in home mix rations.
- Very palatable for use with Show cows, Cows in Transit, sick cows.
