

The Lancaster County Poultry Association elected the following officers on their Board of Directors: From left - Harold Musselman, Treasurer, New Holland R1., Ed Moshier, Vice President, Lititz R4; John R. Huber, Jr., Secretary, Lititz

R3; and Walter Shaub, President, Stevens R2.

The election was held at their regular board meeting on November 17. New directors Ralph Seaman and James D. Hess were also welcomed to the board.

FFA Activities

Five Eastern Lebanon County students went to Kansas City, Mo., for the 48th National FFA Convention, which was held recently.

The students included Brian Hunsicker, Robert Martian, Carl Weaver, Stacy Woods and William Benetch. The students were accompanied by Mr and Mrs David B. Adams, their advisor and his wife.

The students attended the Convention to see another member of their chapter, Larry C Wenger, receive his American Farmer Degree.

Points of interest that the students visited were Niagra Falls, Henry Ford Museum, Litter Charloais Ranch, Lincoln Home and Tomb, Truman Library, Ag Hall of Fame, Hannibal, Mo., the arch at St. Louis Speedway, and the Air Force Museum.

What's New . . .

Wooden stakes keep boots together as well as allowing them to dry out while the men are in the house.

Because it can be used for tools and weapons, copper was often more highly prized among early people than gold!

OVER ELEVEN YEARS EXPERIENCE TELLS THE STORY!!

ROUGHAGE ANALYSIS INCREASES YOUR POTENTIAL

- For Higher Milk Production
- For Greater Income Over Feed Cost
- For Improved Net Returns

Feed, whether you buy it or grow it, represents an outlay of 25 to 45% of your milk check. Beacon's Free Roughage Analysis Service can help you lay the foundation for an efficient and effective feeding program for your herd.

"Eyeball" analyses won't do the job. You need scientific sampling, high quality laboratory analyses of the samples, and . . . most of all . . . the recommendations of skilled and practical dairy nutritionists on how to apply these analyses to benefit your herd.

The Beacon Roughage Analysis Service will help you toward the three goals all dairymen share: Higher Milk Production, Greater Income Over Feed Cost, Improved Net Returns.

There is no charge for this very worthwhile service. The Beacon Advisor will visit your farm, take samples of all your roughages. He'll send them to the Beacon laboratory for analysis. You'll get back a report and feeding recommendations tailored specifically to your herd, its production level and your roughage supply.

It's Christmas Club time!

You all know how glad you were to get those Christmas Club checks this year, right! For those of you who didn't receive checks . . . well, don't be left out next year. To open your Christmas Club simply see a teller at any of our five offices.

As a special promotion we are offering a fine stereo Christmas Album by Mantovani superbly recorded on the London label. You can purchase one for just 99¢ when you open a Wyomissing Provident Christmas Club. This album is one of our favorites and we know it will become one of yours too. And Christmas time 1976 will be just a little merrier because you've planned for it with a Wyomissing Provident Christmas Club that will earn a big 5-1/4% interest throughout the entire year from day of deposit.
