"Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent; genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan 'press On' has solved, and always will solve, the problems of the human race."
Calvin Coolidge

"And you want something that will strengthen your willpower?" asked the doctor.

"Well, no," said the fellow. "I was thinking of something that would weaken my conscience."
