

Thomasville 4-H meets

The Thomasville 4-H Community club met at the 4-H Center for their monthly meeting. The American and 4-H pledges were led by Roy Thompson and Ned Rentzel respectfully. Songs were led by Allen Keeney, Bonnie Wire and Nancy Eisenhart. These reports were given; County Council, Paul Myers III Achievement Night Kelly Rentzel, Promotion Week. Bonnie Wire, County Achievement Night Tina Parr. Kick-off week will be observed by the club by placing an exhibit in

Dauphin Deposit Bank downtown York, members will also be making posters which will be judged on March 13, 1976 at the Family Fun Night at the 4-H Center. Members will be collecting funds for the Hemophilan Drive in the Thomasville and Lincoln Estate area. They also will be collecting blue coupons for the Kidney Foundation. Coming events announced were: Mar. 13, Family Fun Night, Mar. 16 Roller Skating party at Dellco, Apr. 10 Winter Round-up, Mar. 6, 5 County Teen Leader

Retreat at Gettysburg with these members attending Jonathan Myers, Tim Eisenhart, Bonnie Wire, Gary and Tommy Welsh and Paul Myers III. The next meeting will be held March 23, at the 4-H Center when sign up for projects for the year will be completed.

For the Lord of all will not stand in awe of any one, nor show deference to greatness, because he himself made both small and great, and he takes thought for all alike
Wisdom, 6-7

Meat consumption decreases

CHICAGO, Ill. — Do you think people have reached the saturation point in meat consumption . . . that the human stomach will hold just so much and can't really handle much more meat . . . that people eat so much meat anyway there's really no need for the meat industry to promote its products?

If that's what you think, consider this: the average daily per capita consumption of all four red meats is 2.8 oz. of cooked, edible meat, according to the National Live Stock and Meat Board. That's less than one 3-oz. serving. The U.S. Dept of Agriculture recommends from 3-6 oz. of foods from the meat group each day for adequate nutrition.

Then what's all this business about Americans eating an average of 180.7 lbs. of meat in 1975 — which on a daily basis would be about half-pound a day? The Meat Board's Department of Nutrition Research - Education explains that those larger figures are carcass weight — the on-the-rail weight — not what ac-

tually goes into the stomach. The carcass weight figures are used to determine what meat production amounts to on a per capita basis — and are helpful in making comparisons with other foods, which are tabulated as

raw rather than cooked products. But carcass weight, when converted to consumption figures, gives the impression Americans eat a lot more meat than they really do. What is why once a year, the Meat Board breaks the figures down to actually-eaten basis.

SAVE 75% ON HEATING BILLS

WITH

WOOD HEAT

The Efficient Way To Wood Heat Is With The NORWEGIAN or DANISH STOVES

DOORS CLOSED EFFICIENT HEATER DOORS OPEN FIREPLACE

Franklin stoves and fireplaces allow most of the heat to escape up the flue, including volumes of warm air from your home. However, with the Norwegian & Danish tight design and unique baffle system, stoves burn highly efficiently. Keeps 75 percent of heat generated right in your home. Burns 8 to 18 hours on one load (depending on size). Mornings are warm. One fire lasts all winter.

- Heats 10,000 Cu Ft Home (28 ft x 45 ft area)
- Burns 16 to 18 Hours Each Loading
- Enamel Finish Black or Green
- All Cast Iron With Brick Lining
