Kerstetter wants changes in livestock payment bill

HARRISBURG — Agriculture Secretary Raymond J. Kerstetter has sent letters to Pennsylvania's congressional delegation to amend certain sections of a livestock payment bill recently in-

troduced into the U. S. Senate.

Kerstetter observed that the intent of the bill to amend the Packers and Stockyards Act of 1921, S. 1532, was good. "The livestock producer for years has been victimized by delayed payments or bankruptcies of packers," said Kerstetter. "We certainly have needed a bill that guarantees a livestock producer gets paid for what he sells. But this bill needs strengthening to do the job."

In his letter to Pennsylvania's U. S. representatives and senators, Kerstetter wrote:

"I urge you support deletion of Section 603, S. 1532, amending the Packers and Stockyards Act of 1921. I also urge strengthening of Section 601 to guarantee prompt payment to livestock producers."

"Pennsylvania's livestock producers need all the protection they can get nowadays and S. 1532 with the aforementioned changes, along with clarification of Section 408 on bonding would serve that end."

Section 603 of the bill removes the right of any state to impose bonding or prompt payment

requirements on a dealer or packer. Kerstetter felt this section was designed for the convenience of big interstate packers. He insisted that states must retain the power to protect livestock producers selling at intrastate markets.

Section 601 requires payments to be made within 24 hours of a sale. It also gives both parties the right to waive this requirement if agreed to beforehand.

Kerstetter said this provision would permit the continuation of some of the abuses that have leveled livestock producers. Specifically, buyers can play producers against each other, extracting delayed payment agreements which then pose the threat of huge losses to producers.

"In effect the prompt payment provision is negated by section 601," Kerstetter explained. "We want the law to be clear that title to any livestock or carcass cannot pass hands until payment is received by the producer."

Kerstetter said that Section 408 of the bill, which covers bonding, is too non-specific and, therefore, inadequate.

Youth attends conference

Hosea Latshaw of 510 S. Wall Street, Spring City was

among four Pennsylvania young adults with outstanding 4-H records that attended the annual meeting of the Junior Farmers' Association of Ontario, Canada, in March. Other 4-H members from the state included Donna Lindsay, R1, Riegelsville; Karen J. Homer, of 1704 Church Road, Oreland; and Jay Fulmer of R1, Lewistown.

According to Henry T. Moon, cultural exchange specialist, 4-H Youth, at The Pennsylvania State University, the four took part in Junior Farmers' Association activities designed to broaden leadership capabilities. They also participated in programs designed to help in expanding the image of local 4-H clubs.

Hosea Latshaw is currently attending Penn State and is majoring in Agricultural Engineering.

Steam Away Wrinkles
Wools will shed most wrinkles if allowed to "relax" for a day. But for a quick pick-me-up, Mrs. Ruth Ann Wilson, Extension clothing and textiles specialist at The Pennsylvania State University, suggests hanging the garment in the bathroom when taking a hot bath or shower to steam away wrinkles.
