living on the Brown farm. They are: Morris E. Brown, Sr.; Charles and Alton Brown; a number of their children; and two of Alton's grandchildren. The grandsons of Franklin M. are working the Brown farm and mills, and at least two of

their children have already entered the business, Alton's son on the farm end and Charles's son the mill. It seems apparent, therefore, that the century-old Brown family tradition that links the farm and the mill will continue for many years to come.

The spice basil got its name from the Greeks who called it basilikon, signifying royalty

Spray developed for Dutch Elm disease

A new pesticide, called Lignasan BLP, has been approved for use against the highly destructive Dutch elm tree disease, according to Environmental Protection Agency Administrator Russell E. Train.

The disease, a fungus accidentally brought into this country on imported logs in 1930, is estimated to fell 400,000 elm trees annually, according to the U.S. Forest Service.

THE GOOD WORD from the Bible

But who so hath this world's goods, and seeth his brother have need, and shutteth up his bowels of compassion from him, how dwelleth the love of God in him?

My little children, let us not love in word, neither in tongue; but in deed and in truth.

CRIMPED FLASHING

The galvanized steel flashing is crimped for strength and gives the sweep wheel of the bin unloader more gripping power. The flashing is perforated for maximum air flow. Standard type with slits will also be furnished.

CHANNEL-LOCK FLOORS

Channel type support gives more strength because sections fit securely together with a tight fit. Assembly is simple and easy. Floor sections are made of roll forming quality steel for strength, and are quality galvanized to help eliminate corrosion.
