BEHLEN Pork Factory for controlled environment, greater pork profits

The first Behlen Pork Factory was erected in 1963 - The heavy gauge steel Farrowing House and Nursery pictured is the result of continuous Behlen Research in this field. This 26 wide unit holds two rows of farrowing stalls. Interior can be efficiently insulated and protected with stainless steel wainscoting. Behlen-integrated components include stainless steel flooring, pens, partitions, ventilation system, bulk feed tanks.

Diagram shows Behlen Ventilation System - pushes clean air through the building leaving no odors or gases - See us about this new profit-way to raise hogs

Get the right mite protection... PLICTRAN 50W

This is the way to control destructive plant-feeding mites in apple and pear orchards without seriously harming beneficial insects. PLICTRAN* 50W miteicide. It's highly effective against mites both those susceptible and resistant to other miteicides. Yet it favors mite-feeding mites. And it's easy on fruit and tree foliage. PLICTRAN-50W the mighty miteicide from Dow. Two applications are usually adequate. Be sure to always read and follow all label directions and precautions.
