## The satisfaction that comes from doing a good job of farming

It's a great feeling to know that you are the master of your farmlands . . . that when you treat your soil right, it will treat you right. Liming is one of the most important factors in keeping your soil in the highest productive range. By raising the pH from a level below 6.0 to 6.5 or higher, you can expect to harvest .8 more tons of alfalfa per acre, with similar increases for all other forage and cash crops.

Don Dodson, slices a corn stalk to determine the location and size of the tassel. A new product handled by the Organic Plant Food Company, Lancaster, is reportedly capable of increasing yields by five or so acres per bushel. The chemical, a growth stimulant, is being applied, above, on a field outside of Litz by George Conover, a crop duster from Rio Grande, N.J. Researched at Purdue University for years, the new product, "Spark," is being used on the East Coast for the first time this year. Results at university trials and in commercial use on Midwestern fields last year lead the manufacturer and distributors to believe that it is a product here to stay. At any rate, it's up, up, and away! Application is recommended when the tassel is 1/2 to seven inches long. It's important to note, however, that the tassel in this stage of development is imbedded within the stalk and must be found by making incisions such as those being made, by Dodson.

### 'Omelet King' on TV

"Omelet King" Howard Helmer will appear on the Dinah Shore television program, Dinah! on Friday, July 23. But CBS Television adds the show may not be aired on that day in all areas. It could be as much as a week on either side of that date, but it will be carried nationally.

Helmer will receive approximately 12 minutes air time on all U. S. CBS affiliate stations.

After Helmer demon-

strates omelet-making, Dinah and her other guests, Jimmy Stewart, Lucille Ball and husband Gary Morton, and Steve and Edie Gorme will join him in making omelets. Helmer will end his performance with a high-speed omelet-cooking demonstration, in which he will cook four omelets at once. It was his ability to prepare a number of omelets simultaneously that earned Helmer his world record of making 248 omelets in one hour.

### York horse judges score

YORK - The 4-H Regional Horse Judging Contest was recently held at the Lebanon County Fairgrounds with ten counties represented. Terri Lehigh, East Berlin, was high individual on conformation judging with a score of 197 out of 200. Cindy Lewis, Felton was third with 191. Linda Austin, York was fifth with 188 and Jim Eveler, Felton was seventh with 186.

In performance judging Linda Austin; Cindy Lewis; Pete Lehr, Spring Grove;

Jim Eveler; and Paula Smith, York won ribbons with a perfect score

In the total overall judging Cindy Lewis was third and Paula Smith was eighth.

The team was composed of Cindy Lewis, Terri Lehigh, and Paula Smith. This team placed second with a score of 1,040 and Cumberland County was first place team with 1,048.

Michele Lehigh, East Berlin was sixth in junior judging with a score of 248 out of a possible 300.
