

FFA 'Work Experience Abroad' program

FFA youth will summer in Norway

Jay Ault, a Cedar Crest FFA member who will be spending the summer in Norway on the FFA "Work Experience Abroad" program, shakes hands with H. N. Hunsicker, National Advisor of the Future Farmers of America.

LEBANON, Pa. - Jay Ault of Lebanon R1 met recently with Mr. H.N. Hunsicker, National Advisor of the Future Farmers of America, after a luncheon sponsored by the National FFA Organization in Alexandria, Va.

Ault was one of 50 FFA members who met with attaches from the countries in which they will spend the summer as exchange trainees in the FFA's "Work Experience Abroad" Program.

Ault, who is the son of Mr. and Mrs. Jerome Ault and a member of the Cedar Crest FFA Chapter, will spend three months in Norway.

The FFA "Work Experience Abroad" Program is sponsored by the National FFA Organization to give FFA members an opportunity to become acquainted with students and adults in other nations. Participants live and work with host families observing using the agricultural methods of their host country as they learn the history, culture, traditions, and life styles.

Conrad Weiser 4-H Club

The Conrad Weiser Clovers 4-H Club of Robesonia recently elected officers for their 1976-'77 year. The meeting was held at the home of Rober's, 24 E. Lincoln Ave. in Robesonia. The officers are: president-Susan Reber, vice-president-Sheila Beidler, secretary-

Dina Witwer, song leader-Greta Breininger, game leader-Julia Mills, and newsreporter-Eileen Fisher.

This year the club will be in three sections. The boys will be led by Mr. W.J. Mills and Mr. J.L. Fisher and will study electricity and conservation. The young

girls will be with Mrs. Mountz and Mrs. Kline learning "A Pattern For Your Skirt". The teenage girls will be with Mrs. Ruth on "Making A School Skirt".

The club hopes to have a fruitful year.

We wish to thank all the people who helped to make the cookie sale a success.

Balanced capacity means more harvestability

International 615/715 Combines

Every component of these International machines is perfectly matched for balanced capacity harvesting. The deep-ledge cutterbar gives you better feeding in thick or thin stands. Massive 22-in diameter cylinder for full-width threshing—and fin-and-wire straw walkers are almost plug-free. Opposed-action cleaning system works at top efficiency in any terrain.

- Quick-Attach universal feeder for fast changeover from grain header to corn head
- Grain headers from 10 to 20 ft—low-angle corn heads for 2, 3, 4 rows
- Comfort-control cabs are standard, big grain tanks with hp to match
- Options: electronic monitor warns of slowdowns in 6 combine functions, hydrostatic drive, flexible, floating cutter bar to save extra bushels of beans

Let's arrange a demonstration. Finance plans available.
