NEW YORK, N.Y. - The U.S. Department of Agriculture recommended amending the advertising and promotion provisions of the Middle Atlantic federal milk marketing order.

The recommendations would increase the rate of deduction for funding the advertising and promotion program from the present five cents a hundredweight to seven cents a hundredweight

The recommendations were scheduled to appear in

the Federal Register on July 9. Comments may be filed, in five copies, until July 26 with the Hearing Clerk, U.S. Department of Agriculture, Washington, D. C. 20250, where the public may review them.

Copies of the recommended decision may be obtained from Market Administrator Jos. D. Shine, 300 North Lee Street, Suite 320, Alexandria, Va. 22316; or from the Dairy Division, AMS, USDA, Washington, D.C. 20250.

Close to a thousand people milled around the New Holland Sales Stables this past Monday in anticipation of seeing some of the Bicentennial Wagon Train horses being sold. There were plenty of horses on hand for the sale, but very few which

made the trek to Valley Forge. The overflow crowd spilled out of the sales arena and into neighboring stables and surrounding areas while seasoned observers of the sales chewed tobacco and studied the horses with sharp eyes.
