WHY CHOOSE

ALFA-ZYME FOR CORN SILAGE?

RICHARD MAURER
HOMINEATA FARM
RD3
Newport, PA

We ask Richard why his choice is Alfa-Zyme? "First of all I found my silage keeps better, with less heating. I have tried other silage preservatives, but I use Alfa-Zyme, because the cows really milk better on it. Their appetites are really sharper, and they seem to be getting more out of their feed, because the manure is darker, and there is less corn going out in the droppings."

Bonnie Arnold won many ribbons with her hog entries at the Lebanon Area Fair. Here the 14-year-old is with her Duroc gilt which was reserve

grand champion of the show. In addition, Bonnie was also reserve champion litter.

This grand champion hog of the Market Hog Show at the Lebanon Area Fair was exhibited by Todd Brajkovich. Holding the animal here

is his brother, Mike, who also won a few ribbons at the show. The champion animal is a Hampshire-York-Duroc crossbred.
