

Lancaster County's junior livestock judging team, which placed first in the state, consisted of left to right,

Linda Martin, (the state's high individual judge), Kim Weaver, Judy Zimmerman, and Tim Long.

The first-place senior livestock judging team from Lancaster County consisted of, left to right, Anthony

Eberly, Kevin Rohrer, Robert Hess and Ken Brubaker.

Achievers

[Continued from Page 1] more decisions in 50 minutes than many higher court judges make in a week.

The Adams County team edged out Lancaster County by 1-10 of one percent to win the right to represent Pennsylvania in regional and national competition. The Penn State 4-H poultry judging, one of the most comprehensive in America today, will be held again in August 1977.

Although Lancaster County was narrowly beat in poultry judging, Red Rose 4-H's excelled in junior and senior livestock judging - taking the top spot on both counts. The dairy judging team took third place.

Youngsters from the other side of the Susquehanna River also made good in their attempts to gain

recognition for their skills and know-how. York County teams placed second in junior and senior livestock judging, vegetable judging, and archery. In addition, the meats judging team placed third, with members Kathy Sunday and Brenda Warner finishing second and third, respectively, on individual scoring. Tim Beck was third high individual in senior livestock judging. Brooke Palmer was top man in the state with the arrows. Rounding out the honors were five first-place medal awards and three blue ribbons awarded to demonstration teams.

Cumberland County 4-H's left the Penn State campus with a first place consumer education team, a second place meats judging team, and a third place horse

education and came in third in vegetable judging. Robert Bensing placed second in horticulture and physical

judging team. Lebanon County 4-H'ers had the second place team in horticulture and physical

Ken Hoke filling the fifth slot. A petite and pretty brunette from Chester

County, Beverly Hershey, was one of eight girls in the state to receive high honors [Continued on Page 18]

New John Deere 60-hp 2440

Ideally compact size extends its capabilities

The 2440 isn't a small tractor nor is it a big tractor. The new John Deere 2440's ideally compact size suits it well for many hard-to-fit jobs. Loading, for example - that's just one of many 2440 tight-quarter specialties.

The 2440 comes with a variable-speed diesel engine, 8-speed transmission, draft-sensing 3-point hitch, live PTO, powerful closed-center hydraulics and much more - all as standard equipment. That list of base-price features qualifies this compact new John Deere Tractor for most any job - field or farmstead.

The new 60-hp John Deere 2440 - its specialties are many. It's a great fit on any operation - especially yours.

Stop in and see this lively new John Deere 2440 today.

Don't forget to see our new light-duty rear blade

Look over the new low-cost John Deere 45 Rear Blade. A fine match for tractors of 40 hp or less. Handles all but the toughest blading jobs. You'll like the specially curved moldboard that gives clean roll-off. See the new 45 soon.

Unique air system helps give the 300 Husker outstanding efficiency

Through the first elevator, a 2400-cubic-foot-per-minute air blast removes stalks and trash. Stalk ejector rolls remove ears and eject stalks. Above the husking bed, a 3400-cfm blast loosens husks effectively. Aggressive husking rolls complete the cleaning job.
