HARRISBURG - Pennsylvania Guernsey breeders showed their strength at the Pennsylvania All-American Dairy Show which began here last Monday and lasted through yesterday afternoon. They bagged a sizable number of trophies and ribbons - including the Premier Breeder Award, which went to Crumdale Farm of Berwyn.

A Lancaster County couple, Scott and Elsie Wolff, claimed a fair share of ribbons by showing the grand champion and senior champion bull. He is "Hollow View C Jethro," a

son of "Housleys J Champion." In addition, the Guernsey breeders from Quarryville captured a number of other placings which were within the top five.

Showing the grand champion female of the show was Ripley Farms of Cortland, N.Y. The same cow stood as senior champion. Marvin Miller picked up the reserve honors on both counts.

In the junior female category, E. Karpa and J. Celestine of Frederick, Md., received the champion banner, while Pen-Col

Farms of Millville settled for the reserve honor.

Joseph and Louis Fava's Co-Hill Farms of Scenery Hill showed the junior champion bull which later

ATTENTION DAIRYMEN

Kick off your fall and winter cow feeding program on the "right foot".

Now is the time to adapt your grain ration to your new roughage program in order to reach your winter milk production goal.

- YOU SHOULD -

* Adjust protein to a proper point, but not an excessive amount because protein ingredients are likely to be expensive.

* Provide enough T.D.N. to enable your fresh cows to peak properly and maintain a high level of production.

* Insure adequate fiber intake to maintain good butterfat output.

* Regulate proper Calcium and Phosphorus intake and ratios in your total ration, including roughages, to aid in keeping your herd healthy while maintaining high levels of milk production.

The above mentioned items are all on our Dairy Nutrition Programming check list. In addition, we use Brown & Rea and Red Rose products fortified with Carnation Lab Mix to insure adequate Vitamin and Trace Mineral fortification in a ration "tailor made" for your herd and available roughage and grain.

If you wish to have an analysis and program recommendation made, please call for an appointment.
