

Solanco Fair

# Hay and grain results posted

**QUARRYVILLE.** The various horticultural exhibits in the different tents drew a large crowd of spectators during the Solanco fair this year. Bob Herr's 250 pound pumpkin was a big drawing card. Another vegetable that creates a lot of curiosity every year is corn. The grand champion corn grower has a coveted title, and this year Tom Herr, 12, of Quarryville R2 was the winner. He exhibited 36 ears in two different classes and came out on top. After three years of entering corn in the

fair, Tom says it feels pretty good to take top honors. The brand of the grand champion corn was Pioneer.

Other results in grains and hays follow:

**Field Corn**

1 Tom Herr, 2 Bruce Kreider, 3 Doug Smith, 4 Hiram G Troop Sr, 5 Andrew Herr

**Oats**

1 Bill Taylor, 2 Edward L. Zug, 3 Carolyn Jackson, 4 James Bell

**Wheat**

1 Martha Hershey, 2 Joyce Brubaker, 3 Charles

Tom Herr poses with his top prize winning Pioneer corn at the Solanco Fair. Tom also won in the 30 ears division.

"We Rent Most Everything"

## National 4-H Week coming

UNIVERSITY PARK - "4-H - Room To Grow" is the theme of this year's National 4-H Week, Oct. 3-9.

More than five million 4-H'ers, their leaders and parents will take part in the annual salute to the Head, Heart, Hands, and Health program.

Observances are expected to center on the 1976 4-H theme, accenting the history and growth, the ideals and goals of the American youth movement now flourishing in over 80 countries.

As in past years, 4-H'ers are planning special recognition events, service

projects and recruitment drives in their local communities, counties and states.

National 4-H Week is proclaimed annually by the Cooperative Extension Service, which conducts the 4-H program in all 50 states, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands. Extension professionals recruit, train and assist the nearly 500,000 volunteers who provide local leadership in 4-H activities.

Of the 5.6 million boys and girls from 8 to 19 involved in 4-H, more than 73 per cent belong to clubs and groups. Nearly 900,000 take part in special 4-H nutrition programs geared to lower-income youth and their families. Another 2.5 million are reached by instructional television series like Mulligan Stew and Living in a Nuclear Age.

Although the majority of 4-H members still live on farms and in rural communities, nearly 20 per cent now come from larger urban and suburban areas.

Since its beginnings around the turn of the century, 4-H has offered practical learning and citizenship experiences to millions of young people. Among the most popular projects today are those related to animals, plants, food, clothing, cultural arts, bicycle care and safety, ecology, jobs and careers.

Private sector donors lend their endorsement and support to the Extension-supervised 4-H program through the National 4-H Service Committee and the National 4-H Foundation.

**Shhhhh**  
Cut it as quietly as it grows.

Our A-85 battery-powered riding mower is a silent performer but for the whirr of the mower blades. Cuts up to one acre of grass on a single charge. 8 HP engine 6-speed transmission. The 32" twin-blade mower is standard.

WHEEL HORSE lawn & garden tractors

★★★★★★★★★★

With the return of the school year parents of school-aged children should see to it that their youngsters have their hearing ability tested. All too often a child who appears inattentive, pre-occupied, disobedient, withdrawn and even stupid is suffering from an undetected hearing loss they add.
