This week Lancaster Farming is featuring recipes with apples as the main ingredient. In three weeks, the feature for the week will be "Easy Suppers." If you have a quick, delicious casserole or a fast, good tasting soup dish, or any quick supper recipe, send it in by October 23 to "Recipe Exchange," Lancaster Farming Newspaper, Box 260, Lutz, Pa. 17543. Also mark each recipe "Easy Suppers" for quick identification.

If you like helping people to find new recipes, there is one faithful contributor who would like a good sugar cookie recipe for Christmas. If you wish to help her out, send all recipes to the above address.

Apple Pudding Cake

**Plant a fall cover
crop and relax
this winter.**

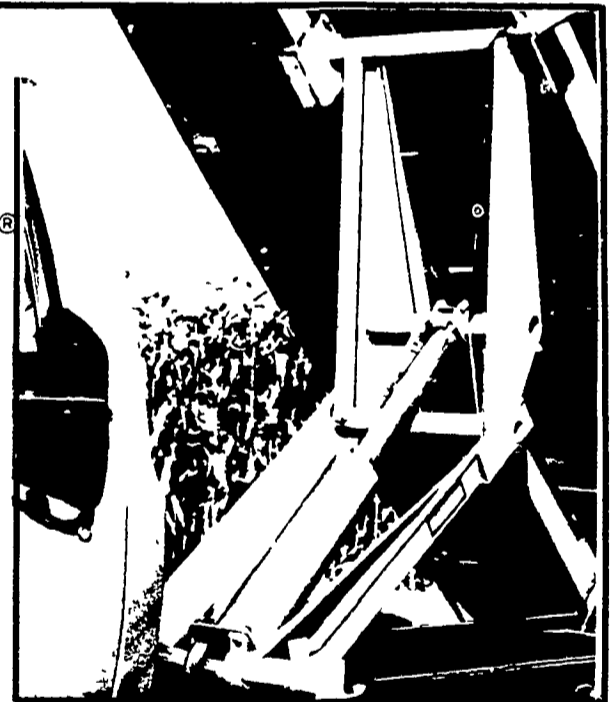

A fall cover crop does a variety of things for you. It prevents excessive erosion problems. It conserves valuable soil moisture. Perhaps most important, it gives you the option of planting the No-Tillage way next spring. Just burn off the fall cover with ORTHO Paraquat CL herbicide and plant right into the stubble. For best results, apply Paraquat with ORTHO X-77 Spreader. Let's talk about it.
