**International 715 Combine**

Balanced capacity means you'll speed your harvest while saving more corn and soybeans. Low-angle corn heads handle down or tall corn with equal ease. Aggressive stalk rolls and corn-saver auger control keep ears low in auger to reduce shelling and ear losses. Hinged gatherer shields swing out of the way for easy access to chains.

- 2, 3, 4-row corn heads for wide or narrow rows
- Stripper plates efficiently snap ears, minimize bounce, let less trash enter combine
- Gas or diesel engines, up to 107 hp
- Big grain tanks—up to 96 bushels
- Grain heads from 10 to 20 ft, optional flexible floating cutterbar saves extra bushels of beans
