

**New Idea's Manure Spreaders**

**New Idea warranty covers wood and labor. (It even pays the freight!)**

There's no double-talk with this warranty. In the unlikely event that any of the wood components in your New Idea Manure Spreader rot through, replacement will be made without cost to you, the original purchaser. No charge for labor, no charge for wood, no charge for freight. And this is in addition to the New Idea full year warranty on the spreader. Wood lasts longer! Can't rust!

**New Idea's Manure Spreaders**

**10-ton loads mean fewer trips.**

There's no need to spread as often as you do. Now you can spread 10 tons per trip — with New Idea's new 365-bushel manure spreader. You won't believe the capacity of this new heavyweight. New Idea's 10-ton spreader is as dependable and rugged as all New Idea spreaders. And it's backed by the Full Year Factory Warranty. The extra heavy-duty conveyor chain is guaranteed for 2 years. Plus the famous New Idea Warranty on Wood. And, this spreader not only has a Belleville spring-type slip clutch that protects the power train—it also features an exclusive "Conveyor Overload Protection System." Maybe now's the time to trade up to New Idea's new 10-ton — and save yourself some field trips.

*We make your job a little easier.*

**New Idea's Manure Spreaders**

**Wood can take it!**

That's why they use Penta treated clear yellow pine in every New Idea Spreader box.

Every New Idea spreader in the line has wood sides, bottom and end . . . because wood can take it. Wood battles against damage. Wood won't bend, can't rust . . . and fights corrosive acids better than any other spreader box material.

**Warranty On Wood** That's why only New Idea says, "In the unlikely event that any of the wood components in your New Idea Manure Spreader rot through, Avco New Idea will make replacement, no charge. Replacement will be made without cost to you, the original purchaser, at your nearby New Idea dealer . . . no charge for wood, no charge for labor or freight."

**New Idea's Fertilizer Spreaders**

**For Orchards or Vineyards**

Optional attachments to New Idea's twin-spinner spreader makes it ideal for use in orchards or in vineyards. A side spread attachment eliminates the center portion of the spread pattern for use in orchards. The curtain attachment, adjustable from five to six feet, limits the spread width in vineyards. Without attachments you can spread up to 30-feet wide, or spread just to one side or the other by shutting off one spinner. It's quick and easy for one man to attach or remove from most Category I and II 3-point hitch tractors.
