## An open letter to the farmers of 1976 Federally declared disaster areas:

**Massey-Ferguson Inc.**  
1901 Bell Avenue, Des Moines, Iowa 50315

Dear Friend  
If you've had to delay your plans to buy needed new equipment because of less than acceptable farm income caused by weather or other adverse conditions Massey-Ferguson may be able to help you.

We've authorized Massey-Ferguson farm machinery dealers to provide special financing to help farmers in Federally declared disaster areas buy the machinery they need when their major source of income has been impaired by the disaster.

This unusual MF Machinery-Purchase program also has a provision allowing you to defer payments if your major source of income should "fall again" and your locale is declared a disaster area in 1977.

Why are we doing this? Frankly, when your business suffers we all suffer. It's that simple.

So if your plans and your future have been greatly altered by circumstances beyond your control, we're ready and willing to help you. Get all the details now about this special program for farmers of 1976 Federally declared disaster areas. See your Massey-Ferguson dealer. He wants to help you—and so do we.

Sincerely yours  
Massey-Ferguson Inc.
