

Try WAYNE Calfnip and save two ways!

Wayne Calfnip saves two ways! First, it costs less. Second, it produces a good calf with substantial savings over whole milk feeding. Many millions of calves have been raised successfully and economically on Wayne Calfnip. Today's Calfnip is better than ever before as the result of continuing research developments.

Calfnip is high in milk products with all milk protein. Antibiotic fortification as well as high vitamin levels give optimum growth and performance under stress conditions. High energy comes from 10% quality animal fat in dispersible form. Smooth, glossy hair coats, growthy

calves, less digestive upset and ease of feeding are a few more reasons for the wide acceptance and popularity of this outstanding milk replacer.
