L to r Bob Buckles, Agway Enterprise Service Person, Randall Miller, herdsman, and Walter Zimmerman

"With my type of breeding operation, I just wouldn't be without Agway"

Walter C. Zimmerman, Jr.
Big Brook Farms, Monmouth County, New Jersey

Walt Zimmerman runs an average of 450 registered Black Angus on 1000 acres near Colt's Neck, N.J. His stock descends from the storied Earl Marshall strain. Most of the animals are sold for breeding purposes except for the bull culls which are fed out for beef.

He grows 300 acres of no-till corn, mostly Agway hybrids, and 250 acres of clear-seeded alfalfa, the seed also supplied by Agway. Fields and pastures are limed and fertilized by Agway on a regular basis.

Only one commercial supplement is used on Big Brook Farms. Agway 55% Beefmix® is top-dressed on silage and added to the grain for steers. In the interests of good herd health, all cattle get Fortimin (an Agway Mineral Mix) every day

Both Walt and his herdsman, Randall Miller, give high marks to Agway and their Enterprise Service Person, Bob Buckles.

"Good service" ... "Sound crops advice" ... "Fine products" ... "Competitive prices" ... "Single-source shopping" are some of their many reasons.

"To me," adds Walt, "Bob Buckles is Agway. And, as I've already implied, I need them both."

If you'd like a man such as Bob Buckles working with you, a man backed by the kind of service you wouldn't be without, call Agway and ask that an Enterprise Service Person get in touch with you.
