

Not much was left of this Allis-Chalmers farm tractor after being hit by a freight train, except for the cab. The special protection offered by the cab may have saved the driver's life. The front end was torn off and the remainder of the tractor and cab hurled against the train.

J. B. KELLER & BRO. DAIRY COWS

Mount Joy, PA 17552

ARRIVING
WEDNESDAY, APRIL 13, 1977

REGISTERED COWS

COOKING

Brilliantly

TIPS FROM THE TOP

Helpful Ideas From Leading Holiday Inn Food Specialists

Hot dogs can look really top dog if you split them lengthwise, place a strip of sharp cheese in the cut and wrap each with a slice of bacon, secured with wooden picks. Broil on a rack, about 15 minutes.

For a more flavorful salad, put the dressing in the bottom of the salad bowl first, then add the ingredients that taste best marinated, (mushrooms, onions) put the greens on top and set the whole bowl in the refrigerator until just before you're ready to serve, then toss salad at the table

Cooked broccoli can have a tasty Italian accent if it's heated in a saucepan with olive oil and sprinkled with grated Parmesan cheese.

TEMPTER...Shadowy figure of Satan points out glories of the earth to Jesus Christ from a high mountaintop, urging Christ to possess them. Dramatic scene is from Christus Gardens, Gatlinburg, Tenn., non-denominational diorama of life-size scenes from biblical history.

Educate for Safety

Auto Service Tips

WATER LEAKS AROUND A THERMOSTAT HOUSING ARE OFTEN CAUSED BY A SLIGHT WARPAGE OF THE HOUSING MATING SURFACE. THIS CAN BE CORRECTED BY CAREFULLY FILING MATING SURFACE OR DRESSING THE SURFACE ON A PIECE OF MEDIUM-GRIT SANDPAPER ON A FLAT SURFACE.

UNKNOWN CARPENTER...This beautiful spiral staircase in Our Lady of Light Chapel, Santa Fe, New Mexico, was built by carpenter who came from the desert and then disappeared; built without nails or visible support.

RID-O-RAY

KILLS FLIES ANYWHERE, INDOORS OR OUT!

- REMOVABLE PAN AND SCREEN ASSEMBLY—for easy clean-up and bulb replacement
- BUILT-IN MICROSWITCH—for automatic deactivation of unit when screen is removed
- PATENTED SPECTRAL-GLO PANELS—increase attraction to flies

Rid-O-Ray units plug into any 100-volt grounded outlet

Vicon fertilizer spreader

The most accurate fertilizer spreader you can buy

The Vicon Spreader uses an exclusive fast-action spout moving back and forth at 540 times per minute to give even, rectangular coverage instead of the usual circular pattern. That means increased profit because you get uniform fertilizer coverage, resulting in better stands and higher yields.

Give the Vicon fertilizer spreader a try. It costs no more than others. But it's better.

In Stock:

PS 400 PS 500T PS 1001T
PS 500 PS 600S

We also sell Vi-Con rakes and power harrows (in stock).
