5 Outstanding Bulls

Foundation animals with both type and production! - Twelve females and four bulls selling are sired by Round Oak Rag Apple Elevation, and four of these are bred to Matt and one to Kingpin. Others selling by many of the best sires of the breed.

The production is sensational - a number selling with over 20,000M and one with 23,610M 4.3% and 1,005F.

The herd was recently reclassified and one EX and many VG animals sell. Some recently fresh, others bred for the base period.

### THE BULLS

Four by Elevation and one by Woodbine Pearl Comet - all from high scoring and high producing dams with deep, full pedigrees. Outstanding individuals that should sire great daughters for their new owners. All but one from dams with over 4.0% and his dam averaged 3.8%.

Sale Manager's Note: Kingstead is one of the breed's oldest, best known and highly respected herds, and you'll find animals in this sale with type, production and pedigrees that can only be found in a herd such as this one. A real opportunity to purchase foundation cattle.
