

# Want an economical answer to oats?

Then try Wayne Schumacher Pellets. For cattle, horses, hogs, and sheep, Schumacher is designed to replace all the grain in rations.

Wayne Schumacher is a pelleted, easy to handle feed formulated to be equal to oats in energy value. And, because they're fortified with vitamins A and D and essential minerals, Schumacher Pellets are actually superior to oats in important vitamin and mineral content.

And the blend of highly palatable ingredients in Schumacher (including molasses) assures you that your animals will eat it readily.

For an economical answer to oats, try the high performance feed - Schumacher Pellets - from Wayne.

For periods of convalescence or prolonged low feed intake, use WAYNEXTRA A.D.E.K. Waynextra A.D.E.K. is vitamin fortified. It aids in reducing the recovery time of your animals from stress and periods of convalescence. A.D.E.K. helps return your animals to normal growth patterns.

Your Wayne Feeds dealer also has a complete line of dog food products.

### WAYNE PRO-MIX

Provides complete and balanced nutrition for your dog.
