

## USDA employees cited

PARK RIDGE, Ill.—American Egg Board's Howard Helmer will make his second television appearance on the Dinah Shore program "Dinah!" on June 6 (in most areas - check your program listings).

In the 90-minute taping of "Dinah!", Howard appears in two segments. As Rock Hudson and Dinah watch, Howard helps Angie Dickinson show viewers that quiches are so simple to make, they can be created

blindfolded. In a second segment, Howard discusses with additional guests which came first—chicken or egg—and whips up an egg and orange juice blender drink.

Howard's appearance on the network television show was arranged in co-operation with the California egg industry. And of course, the publicity value of demonstrating quick and easy egg dishes on network television is immeasurable.

## Window washing tips

For really dirty greasy windows two tablespoons of household ammonia in two quarts of warm water gets rid of the grime. If windows have hard water spots two to four tablespoons of vinegar in two quarts of warm water should dissolve the spots and leave a clear window. Wipe the window with a damp cloth to get rid of the worst dirt. Then wet a sponge or soft cloth with vinegar water

or ammonia water. Using the sponge or cloth wash one pane of glass at a time.

Be sure to get in corners. Rub the glass dry with a clean dry cloth, crumpled newspapers to make it dry and shiny. If you rub the outside up and down and the inside back and forth you'll be able to locate those leftover streaks and wipe them away easily.

## WHAT'S NEW

### PET BOOK

A helpful little red book for dog and cat owners is now available from veterinarians.

"The Upjohn Pet Book" is a 24-page booklet that treats basic pet care as a type of preventive medicine. Included in its pages is a chart detailing first aid for the pet.

The booklet includes tips on adjusting the new puppy or kitten to a home environment, how much to feed according to age, basic signs

of sickness and common parasites, at what age to give important medical shots, and how to groom and train a dog. It is written in concise, easily understandable terms.

Includes is a spot for a favorite snapshot of the pet and, for forgetful owners, a medical record section, featuring a handy flap that will hold pet licenses and other important papers.

The booklet is available from veterinarians at no charge.

## BANVEL

Available At  
**AGRICO FARM CENTER**

Race Street  
Macungie, Pa.  
Phone 215-967-3215

FOR NO-TILL for early post-emergence

## Banvel® + atrazine

herbicide tank-mix combination kills young, tough broadleaves, vines, before they damage your corn.

Banvel + atrazine together do a broad-spectrum job on weeds resistant to 2,4-D and not controlled by atrazine alone...including tough-to-control foxtails, Canada thistle, cocklebur, smartweed, velvetleaf and others.

Spray up to 3 weeks after planting, when grasses are less than 1-1/2 inches tall. When Banvel® + atrazine is applied according to label instruction, control usually lasts until corn is big enough to "shade out" late-germinating weeds.

Order Banvel Herbicide plus atrazine today as an important step toward total farm weed control.

NOTE Before using any pesticide read the label

without carryover

### Banvel® + Lasso®\*

a giant first step toward total  
weed control in field corn

Successful on millions of acres where corn is the major crop, the Banvel + Lasso herbicide combination can give you "near perfect" control of a wide spectrum of grassy and broadleaf weeds, when used according to label directions.

Banvel + Lasso herbicide is compatible with most fluid fertilizers. It needs no

incorporation. There is no carryover.

Take a giant step toward total weed control. Call about the Banvel + Lasso combination. Remember, the "near perfect" herbicide is the one you build...starting with Banvel herbicide...from Velsicol.

\*The combination is effective on all major soil types, except light sandy soils. Lasso is a registered trademark of Monsanto Company.

To achieve best results, be sure to read, understand and follow the label.
