

## York County IH dealerships merge

NEW PARK, Pa. - C.H. Manifold, Inc., of New Park, and Robinson Brothers of Delta have announced the consolidation of their respective firms and are in the process of constructing a new building here.

The new firm, known as M & R Equipment Corporation, joins a combined business experience span of 90 years. Robinson Brothers has been in business for over 60 years, while the New Park dealership has existed for over 30 years.

The new 12,000 square foot

building will be constructed by the Cuckler Buildings Company and is expected to be completed by October 1 of this year.

The facility will consist of a 6000 square foot section to house an expanded parts department and offices, with the remaining space allotted for an expanded service department.

Along with the International Harvester product line, M & R Equipment will market New Idea farm equipment and various other short lines.

C.H. Manifold and Robinson Brothers will begin servicing their customers from a new 12,000 square foot building this Fall.

## Nat'l 4-H Council offers ag scholarships

CHICAGO, Pa. - Agricultural college enrollments increased 75 per cent in the six-year period from 1969 to 1975.

Many ag school deans attribute the enrollment jump to young people's concerns about world food production, a growing interest in ecology, and the back-to-nature movement that began in the late 1960s.

Present or former 4-H members who plan to major in agriculture or related fields may be eligible for college scholarships offered by private-sector donors this year through National 4-H Council.

4-H scholarships range in value from \$600 to \$1000. They are awarded on the

# The winning team.

We've got the sure-fire team to help pull your corn through: Spark & Bayfolan.

Spark's a growth stimulant, pre-mixed for corn. Just apply it as an overall post-emergence spray two to four weeks before tasseling and it

can increase your crop by 5% to 10%. Plus, Spark will not only enhance your corn's growth, but will also cause earlier silking and tasseling.

Spark is registered for use in the following states: Michigan, Ohio, Kentucky, Indiana, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota, Missouri, Kansas, Nebraska, Virginia, South Carolina, Alabama, Florida, Maryland, New Jersey, Pennsylvania, Delaware, Texas

Bayfolan is not registered for sale in South Carolina but can be purchased by permit for special fertilizer mixtures from your Helena representative

Always read and follow all label directions carefully

Let Bayfolan take up where Spark leaves off. Bayfolan's a liquid foliar nutrient designed to help your corn get off to a good, healthy start.

Bayfolan is economical and easy to apply because it's a foliar nutrient.

The third part of that winning team is the personal service and expert advice you can always expect from your Helena Chemical Company representative.

Get yourself a great set of ears . . . with our sure-fire team: Spark, Bayfolan and Helena Chemical Company.
