For post-emergence weed control on com...

Danvel herbicide...

alone or tank-mixed with 2,4-D (depending on your weed problem)

to control tough, late germinating broadleaf weeds

to cover misses of pre-emergence herbicide application

to get control where weather or other factors make earlier application impossible

to make sure that late weeds cannot mature to become the nursery for next year's weed crop

Ask us for application details about Danvel herbicide from Velsicol

Note: Before using any pesticide, read the label
